Subject: Effluent Limits for Planning Purposes
Wexford County Landfill, Cedar Creek Township,
Wexford County, Michigan

Dear Mr. Lam:

On behalf of the Wexford County Department of Public Works, (DPW), CTI and Associates, Inc. (CTI) is pleased to provide the information you requested regarding the Outfall #1 at the Wexford County Landfill. Attached, please find the Proposed Leachate Treatment Facility Drawing. Generally speaking, the treatment facility would discharge to the onsite Sedimentation Pond A where it would overflow along the site ditching system to Outfall #1, which is a ditch that runs along US 131 to the "Unnamed Creek" north of the landfill. In addition, I have provided a surface water map (Figure 1) depicting the location of the "Unnamed Creek" discussed in the March 22, 2007 request submitted to your office as well as a topography map (Figure 2).

If there are questions or concerns, please do not hesitate to contact Mr. John Divozzo at 213.775.0155 or myself at 248.467.7308.

Very truly yours,

CTI and Associates, Inc.

Beth A. Benoit
