Cadillac, MI 49601

Primary Standard Industrial Classification (SIC) Code

To determine the primary industrial activity, use the value of net revenues. If such information is not available for a particular facility, the number of employees or production rate for each process may be compared. The operation that generates the most net revenue or employs the most personnel is the operation in which the facility is primarily engaged.

Primary SIC Code

NONE PROVIDED

Type the existing permit number of an existing NPDES permit (If Applicable):

Please list any other NPDES permit number(s):

NONE PROVIDED

No Exposure Certification Checklist

If the answer is "No" to questions 1, 2, or 4, the facility is not eligible for No Exposure Certification.

1) Have you read and understood the conditions specified in the No Exposure Certification compliance assistance document located on the DEQ-WRD Industrial Storm Water webpage (www.mi.gov/deqstormwater, then click on Industrial Storm Water Program)?

YES

2) Has the facility conducted an investigation in order to certify that there are no illicit connections to the storm sewer system?

YES

3) Are containers or compactors stored outdoors at the facility to manage waste/recyclable materials including, but not limited to, scrap metal, sludge, waste treatment residuals, plastics, wood, etc. (general office trash excluded)?

YES

4) If the response to Question 3 is "Yes", are the outdoor containers or compactors managed in a storm resistant shelter or lidded and leak proof where no material can drain, spill, leak, or otherwise be released and exposed to precipitation?

YES

Are any of the following materials or activities exposed to precipitation (rain or snow), now or in the foreseeable future?:

5) Using, storing, or cleaning industrial machinery or equipment, and areas where residuals from such practices remain and are exposed to precipitation.

NO

6) Materials or residuals on the ground or in storm water inlets from spills or leaks.

NO

7) Materials or products from past industrial activities.

NO

8) Material handling equipment, except adequately maintained vehicles.

NO

9) Materials or products during loading, unloading, or transporting activities.

YES

10) Materials or products stored outdoors, except final products intended to be used outside where exposure to precipitation does not result in a discharge of pollutants.

NO

11) Materials contained in open, unsealed, deteriorated, leaking, or improperly managed drums, barrels, tanks, and similar containers. Material residues on the outside of the containers is considered exposure.

NO

12) Materials or products handled or stored on roads or railways owned or maintained by the facility.

NO

13) Waste/recyclable materials (general office trash excluded).

NO

14) Application or disposal of process wastewater, unless otherwise permitted.

NO

15) Particulate matter or visible deposits of residuals from roof stacks and/or vents not otherwise regulated (i.e. under an air quality control permit) and evident in the storm water discharge.

NO

16) Materials tracked outdoors via vehicles or foot traffic.

NO

17) Raw, intermediate, or final materials mobilized by wind.

NO

If the answer is "YES" to 5-17, the facility is not eligible for No Exposure Certification.
