Description:	IPP PFAS Summary Report		

Notes

There are currently no Submission Notes.

Details

Potential and Probable PFAS Sources

POTW Name:

Cadillac Wastewater treatment Plant

1. If landfills are among your probable sources, are any of them participating in the DEQ WMRPD initiative?

NO- but landfill sampling was completed by POTW

Landfill Name: Indicate if the sampling results are pending or received. If received, include results in IU excel spreadsheet below (2.a.).

Wexford County Landfill, LLC	Received
---------------------------------	----------

Sampling Results

2. Do you have any Industrial User Sampling Results that were not already included in the interim report?

NO

Provide an explanation (e.g. No additional sampling was required): Pending. MDEQ suggested we sample Avon Automotive Inc. Waiting on results

3. Do you have any contract lab reports from Industrial User sampling that were not already included in the interim report?

YES

3.a. Upload contract laboratory reports from Industrial User sampling in accordance with your monitoring plan- Attachment

J17646-1 UDS Level 2 Report.Final Report (Leachate).pdf - 11/29/2018 09:58 AM

Comment: Report on the Leachate sample taken.

4. List the sources of PFOS and/or PFQA found through source monitoring and any steps taken to date (both yours and the IUs) to reduce/eliminate these pollutants in their effluent.

Facility Name:	Steps taken/corrective action:	Comments (As needed):
Wexford County Landfill, LLC	We contacted landfill - None	Landfill refuses to invest money on cleanup.

5. List all POTW Effluent Sample Results as part of the IPP PFAS Initiative

Sample Date:	PFOS (ng/L) results:	PFOA (ng/L) results:
11/5/2018	NONE PROVIDED	NONE PROVIDED

? If you were not required to conduct effluent sampling, please indicate "Effluent sampling was not required due to no sources being greater than water quality standards" in Question 9 below.

6. Have you conducted any monitoring of biosolids for PFAS?

NO

Provide an explanation: We haven't been required to do this yet.

7. Do you have any contract lab reports from POTW Effluent sampling that were not already included in the interim report?

NO

8. Were any POTW PFAS effluent results greater than the applicable water quality standards for PFOS and/or PFOA?

NO

9. If you have any additional comments about your report, please provide them here

Attached is our monitoring plan. We are just waiting on results.

9.a. If you have any additional documents pertinent to your report, please upload them here- Attachment

2018 IPP Screening - Monitoring Plan.Update181130.pdf - 11/29/2018 09:58 AM

Comment: Attached is our sampling plan.
