Attachments: TVS Sludge.xlsx

Attached is the data you requested. I put it on the same sheet that I'd sent you before. Let me know if you need anything else.

Doug – As Mike Person & I are trying to figure this out and what documentation to view. I was wondering, since you have the raw data for TVS in the month of March & April (which you already sent me), is that something that you guys do all year long? If so, do you have that data for the month of June 2019 and could you send that to me?
