Motion was made by Hopkins and supported by French to approve the road closure from North Blvd. to Mohawk Dr. for the Seneca Neighbors Block Party.

Motion unanimously approved.

CITY MANAGER'S REPORT

A. Flood Update

City Manager, Marcus Peccia, provided a flood update and recovery efforts, thanking Christian Aid Ministries, the Salvation Army, Volunteers, and Community members for their assistance. Peccia noted that social media has been an important resource for connecting residents with available aid. Additional concerns regarding lake conditions were acknowledged, and it was noted that recovery efforts remain ongoing. Peccia reported that FEMA reimbursement remains uncertain and that some south facilities continue to operate on temporary power while recovery work progresses.

B. PFAS Update

City Manager, Marcus Peccia, reported that federal funding for the PFAS project is moving forward, with approximately \$1.7 million in grant funding anticipated. An EPA-required project planning document is expected to be advertised on June 30, 2026 with a public comment opportunity scheduled for the July 20, 2026 City Council meeting. Peccia noted that no update has been received regarding the status of the proposed \$8.2 million state grant. The City is evaluating whether project activities can begin using federal funds without affecting eligibility for state funding and will continue working to advance the project as funding becomes available.

B. Emergency Purchase Report

City Manager, Marcus Peccia, provided a report on emergency purchases made in response to the recent flooding event, primarily related to operations at the lift station. Estimated costs are expected to total approximately \$500,000, with about \$200,000 incurred to date. Major expenditures include sand and hauling, pump station repairs, generator rental, installation of new electrical service, pump setup and rental, and replacement equipment. Peccia reported that records are being maintained for all expenses and that reimbursement opportunities will be pursued as available.

C. City Manager Annual Evaluation

The Mayor, presented a summary of the annual City Manager evaluation, noting strong overall performance, meaningful progress on key community initiatives, effective leadership, communication, collaboration, and sound financial management. The evaluation also identified opportunities for improvement, including long term planning, goal tracking, proactive issue management, coordination with boards and commissions, transparency, and continued focus on core infrastructure and quality of life priorities. Council discussed distribution of the evaluation summary and noted that any future discussion regarding compensation would be addressed at a future public meeting.

ADOPTION OF ORDINANCE AND RESOLUTIONS

A. Adopt Resolution 2026-3650 Amending General Appropriations Act for Fiscal Year 2026.

2026-134 Adopt Resolution 2026-3650 Amending General Appropriations Act for Fiscal Year 2026
Motion made by Elenbaas and supported by French to adopt Resolution 2026-3650 Amending General Appropriations act for fiscal Year 2026 as described in Exhibit A.

Motion unanimously approved.

MINUTES AND REPORTS OF BOARDS AND COMMISSIONS

A. West Corridor Improvement Authority Commission Meeting Minutes – April 9th, 2026.

PUBLIC COMMENTS

Mike Coy, a member of the Lake Mitchell Improvement Board, commented on aquatic vegetation in Lake Cadillac. He noted that the issue had been discussed by the Lake Mitchell Improvement Board and stated that the vegetation appears to be native rather than invasive species. He indicated that the City's consultant would provide additional information regarding potential management options.

Connie Boice, speaking as a resident, thanked City Officials for hosting the Flood Recovery Town Hall meeting and stated that it helped connect residents with assistance resources. She shared examples of ongoing flood recovery efforts and expressed appreciation for the support provided by Christian Aid Ministries and other organizations assisting affected residents.

Randy Lindell commented on a social media post by a Council Member, sidewalk snow removal, aquatic vegetation in Lake Cadillac, maintenance of the Leeson Avenue Lift Station retention pond, Zoning Ordinance Revisions, the sale of City Owned property, Development Incentives, Housing Development, and Public Safety concerns. He expressed opposition to additional Zoning changes and certain development projects within the city.

GOOD OF THE ORDER

City Manager, Marcus Peccia provided clarification regarding economic development incentives for residential projects, explaining that eligible tax increment revenues generated by the developments may be used to reimburse developers for approved project costs such as site preparation and environmental remediation. Peccia noted that grant funding associated with such projects typically originates from state or other external sources rather than local City funds.

Peccia also discussed increasing costs associated with providing Fire and Emergency Services, including the anticipated replacement of a Ladder Truck at an estimated cost of approximately \$2.5 Million. Grant funding opportunities are being pursued to offset costs, and staff are evaluating potential special millage to support Fire Operations and Capital Equipment needs. Additional information is expected to be presented to Council later this summer.

Cadillac City Council Meeting Minutes

June 15, 2026

Page 5

Council Member Elenbaas responded to comments made during public comment regarding jail capacity, stating that county jail overcrowding is influenced by state-level sentencing and incarceration policies rather than actions of City officials. The Council member also commented on the use of personal social media and freedom of expression.

Mayor Powell reiterated the invitation for the Safe Routes to School Walking Audit scheduled for June 23, with a rain date of June 24, 2026. Mayor also discussed the annual City Manager evaluation process, wanting feedback from Council Members on format and the role of HR in facilitating the review. Members supported establishing a more consistent evaluation schedule and discussed the possibility of meeting in advance to review timelines, evaluation criteria, and potential annual goals or progress reporting measures for the City Manager.

Council Member Engels requested a memorandum summarizing previous discussions regarding a potential City Charter amendment that would allow the Mayor Pro-Tem to automatically assume the office of Mayor in the event of a vacancy, rather than requiring Council to select a replacement, Mayor. Engels asked for a summary of what was looked into and what is already known on the matter.

ADJOURNMENT

Respectfully Submitted,

David C. Powell

Description

Re: August 4, 2026 Primary Election – Local Proposal

As part of this project, KMF Construction LLC is proposing to develop a new public park that will provide a lasting recreational amenity for the community. The approximately 9-acre park will feature a fully fenced $\frac{3}{4}$ -acre dog park, walking trails, dedicated parking, and preserved natural open space that allows residents to enjoy the area's wetlands and scenic landscape. Designed to be accessible and family-friendly, the park will provide a safe place for dogs to exercise, opportunities for walking and outdoor recreation, and permanent green space for residents to enjoy. This privately funded investment creates a valuable public asset at no cost to taxpayers while enhancing the surrounding neighborhood, preserving the property's natural character, and ensuring this land remains available for public recreation for generations to come.

ORDINANCE NO. 2026-10

ORDINANCE VACATING AN ALLEY AT 1415 SUNNYSIDE DRIVE AND RESERVING A PUBLIC UTILITY EASEMENT IN FAVOR OF THE CITY

THE CITY OF CADILLAC ORDAINS:

Section 1. Vacate Alley and Reserve Utility Easement.

Pursuant to MCL 117.4h and the Charter of the City of Cadillac, the City vacates and abolishes an alley located in the City and legally described as:

THE NORTHERN 20 FEET OF GOVERNMENT LOT 3 OF SECTION 8, T21N-R09W, BEGINNING AT THE SOUTHEAST CORNER OF LOT 15 OF DAVIDSEN'S PLAT OF GOVERNMENT LOT 3 SECTION 8, T21N-R09W; THENCE S11°39'00"W, 450.00 FEET; THENCE N78°21'00"W, 120.00 FEET; THENCE N11°39'00"E, 450.00 FEET TO THE SOUTHWEST CORNER OF LOT 16 OF DAVIDSEN'S PLAT OF GOVERNMENT LOT 3 SECTION 8 T21N-R09W; thence S78°21'00"E, 150.00 FEET TO THE POINT OF BEGINNING, ALL IN THE CITY OF CADILLAC, WEXFORD COUNTY MICHIGAN.

(the "Alley"). Pursuant to MCL 560.257, the City reserves for itself a public utility easement under, over and through the Alley for the purpose of constructing, installing, operating, maintaining, replacing and repairing any and all public utilities, including water, sewer, gas, electric, cable, fiber optic, telecommunications and any similar public utilities.

Section 2. Execution of Documents.

The Mayor and/or the City Clerk are authorized to execute any and all documents necessary to vacate the Alley, and subject to the direction of the City Attorney, to make minor corrections to the legal description of the vacated Alley.

Section 3. Recording.

The City Clerk is directed, pursuant to Section 20-4(b) of the City Code, within 30 days after the adoption of this Ordinance, to record a certified copy of this Ordinance with the Wexford County Register of Deeds and to send a copy to the State Treasurer.

Section 4. Repealer.

All other ordinances inconsistent with the provisions of this Ordinance are repealed but only to the extent necessary to give this Ordinance full force and effect.

Section 5. Severability.

If any provision of this Ordinance is held invalid, such holding will not affect the validity of the remaining provisions.

Section 6. Effective Date.

This Ordinance takes effect twenty (20) days after its adoption and publication.

Approved this 20 day of July, 2026.

Name: Connie S Boice

Address: [REDACTED]

Phone Number: [REDACTED] Email Address: [REDACTED]

Date available for Appointment: Immediate/As soon as needed.

***Info Available to Public** Phone Number: [REDACTED] Email Address:

Please complete the following. You may use additional sheets as needed.

Community Service

List boards, commissions, committees or community service organizations that you are currently serving or have served upon, offices held, and in what municipality or county.

I currently serve on the City of Cadillac Construction Board of Appeals, where I have been a member for more than ten years. Previously, I served on the Caberfae Ski Club Board for four years. Both of these organizations are located in Wexford County.

Employment and Education

List any employment experience or education that, in your opinion, best qualifies you for this appointment. List job titles, duties (current and past), level of education and any certificates or degrees you have obtained.

I graduated from Michigan Technological University in 1989 with a Bachelor of Science in Civil Engineering. I became a licensed Professional Engineer in 1994.

I began my career with the Michigan Department of Transportation (MDOT), where I worked from 1989 to 2001, gaining extensive experience in transportation planning, design, and public infrastructure projects.

In 2001, I relocated to Cadillac and joined Wilcox Associates, where I managed the firm's Cadillac operations office from 2004 until its closure in 2013. That experience provided me with significant leadership, project management, budgeting, and client relations responsibilities.

In 2013, I established the Cadillac office for Prein&Newhof, where I continue to provide engineering services and manage projects throughout the region. Throughout my career, I have worked closely with local governments, planning commissions, zoning officials, state agencies, developers, and community stakeholders, giving me a strong understanding of public processes, regulatory requirements, and collaborative decision-making.

Have you ever worked for the City of Cadillac? ☐ Yes ☒ No

If yes, please list dates and names of departments.

Why do you have interest in serving on this board/commission/committee?

I am interested in serving on the Historic Districts Committee because I would like to help ensure the Commission has enough active members to efficiently conduct meetings and carry out its work.

While I am not a historian by profession, I have more than 20 years of experience performing historical and archaeological research in support of transportation projects. Through that work, I have become very familiar with the State Historic Preservation Office (SHPO) and the importance of preserving Michigan's historic resources while balancing community needs.

I have a genuine interest in the history of buildings and communities and enjoy learning about the stories that have shaped our region. Our office is located in the historic Cobbs & Mitchell Building at 100 E. Chapin Street in downtown Cadillac, which further reinforces my appreciation for preserving and celebrating our local history. I would welcome the opportunity to contribute my experience and perspective to the Committee.

Personal

Rules of law and ethics prohibit appointees from participating in and voting on matters in which they may have a direct or indirect financial interest. Are you aware of any potential conflicts of interest? ☐ Yes ☒ No

If yes, please indicate potential conflicts.

Are you aware of the time commitment necessary to serve on the committee, board and/or commission to which you seek appointment, and will you have such time? ☒ Yes ☐ No

Please provide information about specific training, education, experience or interests you possess that qualify you as an appointee to the position you seek.

As a licensed Professional Engineer with more than 35 years of experience, I have worked extensively with local governments, state agencies, and the public to evaluate projects that affect communities and their historic resources. For more than 20 years, I have been involved in historical and archaeological research associated with transportation projects, including coordination with the Michigan State Historic Preservation Office (SHPO) and compliance with state and federal historic preservation requirements.

My engineering background has taught me to evaluate information objectively, consider multiple perspectives, and make decisions based on facts and established standards. In addition, my long service working with municipalities has given me experience conducting public meetings, reviewing regulations, and making decisions that balance preservation, development, and interests of communities.

I have a genuine interest in the history of Cadillac, as well as all of Wexford County and welcome the opportunity to use my professional experience and community service to support the work of the Historic District Committee.

I hereby certify that the preceding information is correct to the best of my knowledge.

Signature Connie S Boice

Date 7/7/2026

You are invited to attach additional pages, enclose a copy of your résumé or submit supplemental information that you feel may assist in the evaluation of your application. **Appointments** are subject to eligibility requirements in each board's by-laws. Appointments are made by City Council with input from the board chair, City staff, and the City Manager.

Council Communication

Re: Project Planning Public Meeting: Water System Improvements

The City of Cadillac has been designated \$8,206,000 in funding through an Emerging Contaminants Grant Program, administered by the State of Michigan Department of Environment, Great Lakes, and Energy (EGLE). These grant funds will support projects intended to offer municipal water to property owners and residents that are currently served by private wells. The need for the project is the discovery of PFAS contamination in various areas of the City and areas closely surrounding our community. Areas of focus have been identified by City leadership in the PFAS Response Plan.

In accordance with grant requirements, the City must conduct a public meeting to review the project planning document and gather public input. The City must also adopt a resolution supporting the proposed project plan document and dedicate an authorized representative for the funding application and related project activities.

Re: Fire Department Millage Language for Personnel, Apparatus, and Equipment

The Cadillac Fire Department has a minimum of three firefighters on duty 24/7. There is also a full-time Fire Marshal five days per week. Together, they respond to all emergencies (fires, rescues, and medical emergencies), provide rental housing safety inspections and oversight, public safety education and outreach, fire investigation, fire code enforcement, community planning and construction plan review, and condemned housing management services. It takes two firefighters at a minimum to safely operate a single fire truck, and the Department responds to approximately 2,700 calls per year. This volume often requires two units readily available to respond at all times.

Call volumes often necessitate having multiple units in service at any given time. Staffing a fire unit with a single firefighter compromises their safety, limits their capabilities, and compromises the services they can provide to whomever or whatever needs assistance. Additional funding to accommodate hiring of additional firefighters is a priority along with making sure Department equipment and vehicles are fully operational.

The life expectancy of fire trucks can vary greatly depending upon use and how they have been maintained. Current national standards recommend that any fire truck more than 15 years old only be used as a reserve, and any fire truck more than 25 years old be replaced. The Cadillac Fire Department is currently operating a 27-year-old fire engine and 32-year-old ladder truck on a daily basis. Replacement cost of these two units is estimated to be over \$3.5 million.

All owners of real property (homes, land, commercial real estate) pay property tax based upon the value of the property. Taxable value is half of the assessed value, and the City, through its 15-mill operating millage (\$15 in tax is paid for every \$1,000 of taxable value) receives those funds directly into its General Fund that is used to provide funding for all services, including the Fire Department. The only exception is water and sanitary sewer operations, since they are funded directly through water and sewer fees.

The ballot proposal seeks approval of a 1.85-millage (\$1.85 in tax paid for every \$1,000 of taxable value) for the purpose of providing funding specifically for Fire Department personnel, apparatus (vehicles), and equipment. The average single-family dwelling in the City has a taxable value of \$56,305, which translates to approximately \$104 in additional property tax per year for homes of this value, or \$8.67 a month.

Recommended action:

Approve millage language that would levy a rate of 1.85 mills (\$1.85 on each \$1,000 of taxable value) for ten years to provide funds for Fire Department personnel, apparatus, and equipment.

RESOLUTION NO 2026-3653

**RESOLUTION TO APPROVE BALLOT LANGUAGE FOR
FIRE MILLAGE**

At a meeting of the City Council of the City of Cadillac, Wexford County, Michigan, held at the City Hall in said City on July 20, 2026, at 6:00 p.m.

PRESENT: _____

ABSENT: _____

The following Resolution was offered by _____ and seconded by _____.

WHEREAS, the City of Cadillac is authorized by law to levy a millage for fire services purposes, if approved by the electors of the City;

WHEREAS, the City desires to ask voters to authorize a new millage in the amount of 1.85 mills for a period of ten (10) years, 2027 through 2036, inclusive, for the purpose of operating, equipping, providing personnel, and purchasing for the fire department and any other purposes authorized by law for fire services; and

WHEREAS, the City has determined that the request is in the best interests of the public health, safety, and welfare of the City residents; and

WHEREAS, the City has determined that it is in the best interests of City residents to request that such millage request be placed on the ballot at the November 3, 2026, election.

THEREFORE, be it resolved by the City Council of the City of Cadillac, Wexford County, Michigan, as follows:

1. The City Council approves and certifies to present to the electors of the City of Cadillac at the November 3, 2026, election a proposed millage in the amount of 1.85 mills as described in the ballot language attached as Exhibit A; and

2. The City Clerk is authorized and directed to promptly submit this Resolution along with the ballot language attached as Exhibit A to the Wexford County Clerk for inclusion in the ballot at the November 3, 2026, election.

3. The City Manager has authority to make any non-substantive or typographical changes to the Resolution or ballot proposal.

4. All resolutions and parts of resolutions insofar as they conflict with the provisions of this Resolution are hereby rescinded.

CITY OF CADILLAC

FIRE MILLAGE PROPOSAL

Shall the City of Cadillac, Wexford County, be authorized to levy annually a new additional millage in an amount not to exceed 1.85 mills (\$1.85 per each \$1,000 of taxable value) against all taxable property in the City for a period of ten (10) years, 2027 through 2036, inclusive, for the purpose of operating, equipping, providing personnel, and purchasing for the fire department and any other purposes authorized by law for fire services? The estimate of the revenue the City will collect in the first year (2027) if the millage is approved and levied by the City is approximately \$630,000. By law, a portion of the revenue may be subject to capture by the City of Cadillac's Local Development Finance Authority, Downtown Development Authority, and Brownfield Redevelopment Authority, and the Cadillac West Corridor Improvement Authority.

Re: Advance Resilient Energy Infrastructure Proposal

The City of Cadillac has been approached by Schneider Electric, a global energy technology leader, and Energy-as-a-Service (EaaS) innovator Budderfly to modernize critical municipal infrastructure, control energy costs and improve resilience against power disruptions. As part of the proposed partnership, Budderfly will invest approximately \$4.4 million in the project, enabling infrastructure upgrades with no upfront cost to the city.

If approved, the project will deploy energy efficiency upgrades and distributed energy technologies across seven municipal facilities, including city hall and the wastewater treatment plant. Through the Budderfly EaaS model, the upgrades are funded through ongoing operational savings, improving long-term cost predictability and efficiency.

The project will include solar power, battery energy storage, upgraded HVAC and lighting systems, electric vehicle charging infrastructure and integrated microgrid capabilities designed to help maintain essential services during grid outages.

Recommended Action

It is recommended that City Council waive competitive bidding and authorize an agreement with Budderfly to have Schneider Electric and Budderfly modernize critical municipal infrastructure, control energy costs and improve resilience against power disruptions.

Draft Council Communication

Re: City Manager Fiscal Year 2027 Adjustment

Per Council discussion last June, my annual request for a cost-of-living adjustment (COLA) was separated from the evaluation process and therefore is coming forward for consideration now.

The City's fiscal year is July 1 – June 30. All staff, effective on the first day of the new fiscal year (July 1) receive a cost-of-living adjustment (COLA) added to their base rate of pay. Most of our staff are union employees with multi-year agreements that include built-in automatic annual COLA increases, and the following table shows the employee group and the annual adjustment for this fiscal year and what they received last fiscal year.

Group	Fiscal Year '26	Fiscal Year '27
Police Patrol	4%	TBD – In Negotiations. Will be retro to 7/1/26
Police Command	3%	TBD – In Negotiations. Will be retro to 7/1/26
Public Works/Utilities	3.5%	4%
Fire	4%	4%
Non-Union	3.5%	3.0%
<i>Average</i>	<i>3.6%</i>	<i>3.67%</i>

My request for consideration is to adjust my compensation by a percentage increase between 3%-4% for fiscal year 2027, retroactive to July 1, 2026, which is the starting date of fiscal year 2027.

Recommended Action

Consider approval of the request by adjusting compensation retroactive to July 1, 2026, by X%, direct the City Attorney to document the change in a Twelfth Amendment to the Employment Agreement, and authorize the Mayor to execute the agreement once approved to form by the City Attorney.

Approval of April 27, 2026, Meeting Minutes

A. Motion to approve April 27, 2026, minutes by Baumann. Supported by Bunce.

- a. Motion approved unanimously on a roll call vote.

Public Hearings

A. Land Division – Sunset Park Plat Amendment

- a. Waldo gave a detailed presentation regarding the requested land division and combination of lots 74 through 78. Waldo stated that Gregory & Mary Jo Blacker are the applicants requesting such action. Waldo stated that this action will allow for two buildable lots, meeting all zoning lot size requirements. Bosscher asked for clarification if the current lot sizes are nonconforming. Waldo stated that is correct. Host reiterated that with the combination and division though, the two created lots would conform to zoning requirements and be buildable.
- b. Putvin opened the public hearing
- c. Bob Durant voiced his support for the requested land division and combination stating
- d. Andy VanAlst voiced his agreement with Mr. Durant and his support for the land division and combination.
- e. Putvin closed the public hearing
- f. Board discussion took place. Putvin asked about previous ownership of the property. Pluger stated that she believed it was previously listed in an LLC.
 - i. Motion by Baumann to approve and recommend council approval of land division and combination subject to final review of all submitted documentation and compliance with any outstanding local ordinance requirements. Supported by Fent. Motion approved unanimously on a roll call vote.

New Business

A. Master Plan

- a. Waldo referenced the 2026 Master Plan Update – Road Map provided in the packet detailing the steps in which will be taken to complete the Master Plan update. Waldo

stated the goal is to have the update completed by December 2026. Bosscher asked for clarification on the public engagement and how we can ensure we are reaching everyone. Waldo stated that showing up where people already have worked well in her previous experiences, Farmers Markets, Festivals, etc. Waldo said she plans to have a QR code for the survey and have that available at the public events, partner agencies websites. Host recommended having hard copies of the survey for those to complete that may not feel comfortable using a QR code. Bosscher emphasized the importance of having a question on the survey asking if they are a city resident. Waldo confirmed that will be included in the survey.

Old Business

A. 1415 Sunnyside – Alley Vacation

- a. Pluger referenced the staff report included in the packet. Pluger stated that a discrepancy was found about a year ago regarding the vacation of the alley located at 1415 Sunnyside Dr. City records showed that this process had taken place decades ago, however when the property owner had a survey performed, the vacation was not found recorded, therefore the survey shows the alley is still located though the property at 1415 Sunnyside Dr. Pluger stated that the property owner reached out to the city when this discrepancy was found. Staff agreed to move forward with the vacation paperwork with no charge to the property owner. Peter Scharich, property owner, addressed the board provided a brief history of the findings. Scharich stated that he and his wife purchased the property over a year ago and when they property was surveyed the alley was not shown as vacated. Baumann asked what error occurred for this to not be recorded. Pluger stated that she is unsure where the error occurred, as the city systems show the vacation, but not at the county or state level. Scharich believes the vacation process may have started in 1955. Bosscher asked about the remaining section of the alley that has not been vacated. Pluger stated that legal and the utilities department are reviewing this section to verify where the water line is located. Once the location is determined, there is discussion of vacating the remaining section, but extending a utility easement to cover the location of the utility lines. Baumann stated that with the vacation a utility easement is reserved.
 - i. Motion by Baumann to approve the proposed resolution associated with the vacation of the alley on parcel 10-060-00-017-00, reserving a public utility easement in favor of the city. Supported by Bosscher. Motion approved unanimously on a roll call vote.

Communications

A. Lakelynn Apartments

- a. Waldo provided an update on construction stating that foundation has been poured and construction is on its way. Putvin asked if there was an update on the Aspen View apartment project. Pluger stated that she believes they are working on the brownfield TIF and it will be presented to council soon for consideration and construction should take place following that.

B. Work Session Recap

- a. Waldo stated that at today's work session the Planning Commission reviewed Article 14 – Zoning Board of Appeals. Waldo stated the commission was supplied with two additional articles for review to be discussed at next month's meeting, Article 10 – Landscaping & Lighting and Article 11 – Signs.

Other Business

None.

Public Comment

Michelle Carder, 311 E Harris St, thanked staff for pursuing a full master plan rewrite. Carder voiced her concerns with the public not understanding the proposed zoning changes in single family districts, specifically the historic district. Carder voiced her concerns of data centers and hopes these are addressed in the zoning ordinance. Carder stated that the Historic District Commission is looking at expanding the district.

Board Member Comments

Putvin asked if there has been an update at the state level regarding zoning regulations. Pluger stated that she believes there has not been any further decision made. Host stated that if the proposed zoning regulations pass at a state level, those will override the local ordinances.

Approval of Agenda for May 26, 2026

Motion to approve May 26, 2026, agenda by Baumann. Supported by VanPelt.

A. Motion approved unanimously on a roll call vote.

Discussion of Proposed Article 14 – Zoning Board of Appeals

Waldo provided some key reasons as to why it is important to update the code zoning ordinances. Waldo explained that these important reasons include, putting our master plan into action, encouraging housing and economic growth, making regulations easier to use, keeping up with the law and avoid land-use conflicts. Waldo also provided some key issues with the current code of ordinances. Waldo explained issues related to accessory buildings, signage, corner lot setbacks, pools, parking, tattoo businesses, site design for RM-1 & 2 districts as well as building spacing in multi-family districts. Waldo stated that these are just a few things that she wanted the commission to be aware of that her department sees come up on a monthly basis.

Waldo turned the meeting over to Pluger to go over the draft proposed Article 14 – Zoning Board of Appeals, that was distributed to the commission last month for review. Pluger walked through each section of the proposed ordinance and compared it to the current ordinance, giving reasonings as to why additions, deletions and/or changes were recommended. Pluger offered questions of the commission to be asked after each section. Genovich suggested making a change to Section 46-149 to allow alternate board members to attend any meeting. Pluger agreed with the suggestion and stated she would write down that proposed change. Pluger stated that these articles are considered drafts and have not been sent to legal for review as staff would like to gather the commission's feedback first. Bunce asked for clarification on Section 46-156 regarding the deadline for applications. Pluger stated that the current deadline for submission of applications is forty days prior to the next regularly scheduled meeting. Pluger stated that there is room for this date to be expedited if the application is not as complex. Baumann asked for clarification on Section 46-158 asking if any considerations were removed from the current ordinance. Pluger stated that she does not believe anything was removed, items were just clarified and simplified. Baumann stated that he thinks this is going to be difficult to follow in the review process without having an official redline of the current ordinance. Pluger stated that some of the current ordinances are so outdated and lacking that it is a complete update in the terminology and standards. Bosscher asked if the redline version could be accomplished. Baumann suggested asking the consultant, Progressive Companies, if they have a method they have used in other cities to distinguish

between the old and new ordinance. Pluger stated this is the method Progressive recommended, however they suggested there be a third document detailing the comments. Staff combined the comments with the proposed draft to eliminate the need for an additional document. Pluger stated that giving the proposed articles a month ahead of time hopefully allows the commission to read through proposed and current and provide staff with their comments. Baumann asked that Section 46-158 be looked at in greater detail and redlined specifically to show what was removed or added. Pluger stated that she would add this to the list but was unsure if this will come back at another work session or if this would be addressed when the whole draft update is presented at Planning Commission. Baumann suggested that Section 46-159 be reviewed by legal counsel. Baumann commented on Section 46-161(B) asking if a resolution could be used verses a signed letter from the chair stating the draft minutes are accurate. Baumann voiced that he feels this is risky and asked that legal counsel look into this section as well to see if there is a better process for this. Genovich stated that resolutions are typically reserved for more complex cases, generally variances are addressed via letters or a decision form that is used at the meeting that is taken right from the ordinance as a checklist that is signed by the chair at the meeting and given to the applicant. Genovich stated that she will work with staff to see if the decision form is of interest and will review the section. Baumann suggested a change to Section 46-162 to read void verse terminated, but suggested legal have the final say in the wording. Putvin referenced Section 46-161(D) and if there was supposed to be additional information as there was an incomplete sentence. Pluger clarified that the incomplete sentence, 'the', could be removed as there is no other information proposed for this section. Baumann suggested that Section 46-163 through 46-166 be heavily reviewed by legal counsel. Genovich stated she has some concerns regarding rehearing's and that legal counsel will perform this review. Pluger asked if legal counsel would be able to review this section within two to three weeks and provide feedback. Genovich stated that given this section is rather small she feels review can be accomplished within that timeframe. Pluger asked the commission if there were any other questions or sections, they would like further clarification on. Baumann stated that Section 46-164 is new and seemed unclear and asked for legal review and provide clarity. Powell asked if the applicant has to repay the application fee for reapplications. Pluger stated that yes, applicant would be required to pay the fee any time an application is presented, original or reapplied. Pluger thanked the commission for their time and stated that the requested redlined version will be brought back to the commission next month.

Public Comment

Michelle Carder, 311 E Harris St, requested that the draft documents be given to the public in a timelier manner. Carder voiced her concerns regarding the Zoning Administrator authority and the Zoning Board of Appeals(ZBA) authority. Carder stated that she understood that in the current ordinance the ZBA could hear an appeal of the decision of the Planning Commission regarding a Special Land Use Permit. Baumann stated that he believes this was the case and has been proposed to be removed. Carder voiced her concerns about this being taken away and making things go to court. Carder voiced her concerns with Section 46-153, specifically the sentence that reads, 'It is not the role of the Board of Appeals to evaluate the rationale for an administrative decision'.

Andy VanAlst voiced his concerns with taking power away from commissions and giving it to staff.

Board Member Comments

None.

Communications

Waldo stated that the next articles for commissions review are Article 10 – Landscaping & Lighting and Article 11 – Signs. Bosscher asked what the rationale is for jumping around to different articles verses

going in numerical order. Waldo stated that the main reason is due to the sizes of each article and not wanting to overwhelm the commission. Waldo stated that this doesn't have to be the case if the Planning Commission would like to receive things differently. Baumann stated that the order does not matter to him. Bosscher stated that while staff is familiar with the current ordinances and deal with them daily, the commission is not and it is harder for the commission to understand the changes. Bosscher asked for a simple and more relatable process for the commission to review and understand as well as the public. Bosscher stated the overall goal is transparency and to have the least amount of pushback possible. Pluger stated that some sections are going to be completely new and some will just have edits.

REPORTS/UPDATES:

- A. Finance Report: Plugger presented the finance report, detailing the amount of interest in the account.
- B. Beautification: Plugger brought up discussion of designing a flowerpot program for beautification in the corridor. Discussion took place about location, design and colors. Plugger and Walraven agreed to coordinate and present an application to the authority at the next meeting. Plugger updated that there had not been any update from consumers energy about adding hooks and with the flooding, had not had time to reach out about them.
- C. Events: Dewey gave an update on the Classics on the Canals event, detailing the events and locations of items. Discussion took place about requesting the mobile speed sign from the Cadillac Police Department, Plugger agreed to contact them. The street closure paperwork was completed and Plugger stated she would coordinate with Dewey to get the MDOT approval for items in the right of way. Dewey and Hensley shared that a business in the Corridor plans to make t-shirts again for the festival.

OLD BUSINESS

- A. Tree Grant Update: Plugger informed the authority that plans were being prepared by the city's engineering firm and that next month the plans should be complete to show them the design for beautification. Dietrich participated in the meeting via phone and gave guidance for the DNR properties, the reconstruction of the day use park and species of trees for planting in the difficult environment.
- B. Branding Package: Plugger presented the DDA's branding package from Charmello, the consultant the authority would like to hire to create a branding package. Hensley explained the quote for this scope would be \$1500-\$2000 depending on the number of changes and back-and-forth conversations with the board. The board discussed waiting until July to approve the contract with her, because the TIF funds are officially available in July. The Authority requested that Dani come to the July meeting to discuss the vision and for the authority to provide her with the design guidelines.
