Subject: EGLE WRD Notification of 2024 Biosolids Containing PFAS Interim Strategy - Important Update

Hello,

Please review the attached notification letter regarding the Department of Environment, Great Lakes, and Energy, Water Resources Division update to the Land Application of Biosolids Containing PFAS – Interim Strategy for all WWTPs with a Residuals Management Program (RMP). *Once reviewed, please confirm receipt of this email and the attached letter by replying to this email, as a hard copy of this letter will not be mailed.*

Additional information on PFAS in biosolids and the Interim Strategy can be found on the [EGLE Biosolids PFAS website](#).

Please be advised that if new PFAS information becomes available or new standards or requirements are implemented, the WRD may require additional actions in accordance with the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, and its administrative rules.

Thank you,

Rikki Oden
