990 US Highway 131
Manton, Michigan 49663

Dear Permittee:

SUBJECT: Notification to Reapply for Storm Water Discharge Permit
Certificate of Coverage No. MIS111718

Our records indicate that Wexford County Landfill LLC was issued Storm Water Discharge Certificate of Coverage No. MIS111718, under General Permit No. MIS110000, on June 27, 2012, pursuant to Part 31, Water Resources Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451). This authorization to discharge will expire on April 1, 2016.

Please assess the permit requirements and authorizations by reviewing either General Permit No. MIS110000 or General Permit No. MIS120000 at www.michigan.gov/deqnpdes – then select “General NPDES Permits” under the Permits banner. In addition, the General Permits require that applicable Total Maximum Daily Loads be identified in your Certificate of Coverage.

As of August 17, 2015, the Water Resources Division implemented a new database called MiWaters for all permit-related submittals and is no longer accepting hard-copy applications. For information on establishing a MiWaters account and submitting an application, please visit our Web site at www.michigan.gov/MiWaters.

A webinar, “Introduction to MiWaters for Facilities Covered under the Cycle 1 Watersheds Industrial Storm Water General Permit,” is being offered September 21, 2015. For more information on this webinar or to register, please visit www.michigan.gov/deqworkshops. If you are unable to attend this webinar, a recording will be available on this Web site as well. Click on DEQ Webinars and scroll down to Past DEQ webinars.

Please also note that the signatory should meet the requirements of Rule 323.2114, Valid Signatures, also outlined in the Certification Portion of the NOI. If you have any questions regarding this letter, please contact Ms. Karen Gutting at 517-284-5588 or guttingk1@michigan.gov.

Sincerely,

Tiffany Myers, Unit Chief
Lakes Michigan and Superior Permits Unit
Permits Section
Water Resources Division
