## Primary Standard Industrial Classification (SIC) Code

To determine the primary industrial activity, use the value of net revenues. If such information is not available for a particular facility, the number of employees or production rate for each process may be compared. The operation that generates the most net revenue or employs the most personnel is the operation in which the facility is primarily engaged.

# Agreements and Signature(s)

## SUBMISSION AGREEMENTS

- ☒ I am the owner of the account used to perform the electronic submission and signature.
- ☒ I have the authority to submit the data on behalf of the facility I am representing.
- ☒ I agree that providing the account credentials to sign the submission document constitutes an electronic signature equivalent to my written signature.
- ☒ I have reviewed the electronic form being submitted in its entirety, and agree to the validity and accuracy of the information contained within it to the best of my knowledge.

*State of Michigan regulations require this form be signed as follows:*

- **Corporation:** *by the principal executive officer or vice-president or higher, or his/her designated representative if the representative is responsible for the overall operation of the facility from which the discharge described originates.*
- **Partnership:** *by a general partner*
- **Sole proprietorship:** *by the proprietor*
- **Municipal, state, or other public facility:** *by a principal executive officer, the mayor, village president, city or village manager, or other duly authorized employee.*

*I certify under penalty of law that I have read and understand the eligibility requirements for claiming a condition of "no exposure" and obtaining an exclusion from storm water permitting. I certify under penalty of law that there are no discharges of storm water contaminated by exposure to industrial activities or materials from the industrial facility identified in this document (except as allowed under 40 CFR 122.26(g)(2)). I understand that I am obligated to submit a no exposure certification form to the Michigan Department of Environment, Great Lakes, and Energy (EGLE) once every 5 years. I understand that I must allow the Michigan Department of Environment, Great Lakes, and Energy to perform inspections to confirm the condition of no exposure and to make such inspection reports publicly available upon request. I understand that I must obtain discharge authorization under an NPDES permit prior to any point source discharge of storm water associated with industrial activity from the facility.*

*I certify, under penalty of law, that this document and all attachments were prepared by me, or under my direction or supervision in accordance with a system to assure qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person(s) who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. I certify under penalty of law that I possess full authority on behalf of the legal owner/permittee to sign and submit this No Exposure Certification.*
