

Biosolids PFAS Monitoring Report

version 1.6

(Submission #: HQG-GN3K-JNK5K, version 1)

Digitally signed by:
MiEnviro Portal
Date: 2025.10.21 09:58:00 -04:00
Reason: Submission Data
Location: State of Michigan

Details

Submission ID HQG-GN3K-JNK5K

Form Input

General Information and Attachments

Site Name:

Cadillac WWTP

Permit Number:

MI0020257

Was a biosolids sample collected and tested for PFAS with the intent to land apply those biosolids?

YES

Laboratory Reports

Please include complete laboratory report(s), including QA/QC portions, chain of custody, and laboratory excel spreadsheets for all results received since the last report was submitted. We request that all parameters in the [MPART Minimum Laboratory Analyte List](#) be included.

Laboratory Reports - results in ug/kg

251001.biosolids.PFAS.Merit.PDF - 10/21/2025 09:51 AM
251001.biosolids.PFASqc.Merit.PDF - 10/21/2025 09:51 AM

Comment

NONE PROVIDED

PFAS Biosolids Monitoring (1 of 1)

Biosolids grab results from 10/01/2025

Biosolids Sample Date (MM/DD/YYYY)

10/01/2025

Was the sample a composite or a grab?

grab

Was the sample collected representative of biosolids?

YES

Date Entry:

For results that are non-detect, please enter a "<" symbol followed by the reporting limit. For all WWTPs with an RMP, PFOS, PFOA, PFNA, PFHxS, HFPO-DA (GenX), PFBS, and PFHxA sampling results are required to be reported in the table. Additionally, results for remaining PFAS analytes sampled are requested.

The table lists the Acronym and CAS number for each analyte. Full parameter names and additional information can be found in the [PFAS Minimum Laboratory Analyte List](#).

Parameter	CAS Number	Results (ug/kg)	Comments (As needed)
-----------	------------	-----------------	----------------------

Parameter	CAS Number	Results (ug/kg)	Comments (As needed)

PFAS Mitigation and Notifications

Based on your PFOS results, resources are available if you wish to investigate:

If PFOS has been detected, at levels less than 20 ug/kg, and you wish to investigate sources, technical assistance can be obtained from the [WRD IPP PFAS Staff](#).

Communication to Landowners/Farmers is required:

Prior to land application at a site, the following must be provided to the landowner and farmer (if different):

1. The most recent WWTP PFOS analytical results
2. The EGLE, WRD contact information
3. Any additional resources related to PFAS such as: The PFAS Landowners/Farmers link available on the [MPART Land Application Workgroup](#) webpage.

To view a sample letter that includes these items, download the [Landowner/Farmer Notification Template Letter \(Word\)](#).

I acknowledge the WWTP's PFOS results and understand the steps to move forward should we decide to land apply our biosolids.

I acknowledge

Additional Information

If you have any additional information available, please indicate the type:

None
