CITY MANAGER'S REPORT

A. Flood Update

City manager, Marcus Peccia, provided a flood update, noting little change from the prior week and a continued gradual decline in lake levels of about half an inch per day. Public boat launches at Chestnut Street and Kenwood have reopened, and most roads are now accessible, with limited exceptions still drying out. Peccia stated that potential infrastructure repairs and costs remain uncertain and will be assessed after normal traffic resumes, with ongoing monitoring in place.

Randy Fletcher of Christian Aid Ministries provided an overview of the organization's Rapid Response program, which delivers free disaster relief services such as debris removal, roof tarping, and basement cleanup through volunteer teams. He explained that the faith-based organization operates on donations and mobilizes quickly to assist communities impacted by natural disasters, while coordinating with local authorities. Fletcher emphasized that volunteers, primarily from Mennonite and Amish communities, aim to serve with integrity and build trust within affected areas. He also noted the organization's reliance on local partnerships, including churches and community leaders, to support operations and identify residents in need of assistance. He can be reached (330) 473-9542.

Captain Greg Bock provided additional remarks highlighting the strong response from local Amish communities, including volunteers from Manton, McBain, Reed City, and Evart, with more expected to arrive. He noted that these volunteers have already completed significant cleanup work, including hazardous basement muck-outs, bringing visible relief and renewed hope to affected homeowners. Residents in need of mold remediation, debris removal, or assistance with damaged household items are encouraged to seek help through the established contact channels. He emphasized that the Salvation Army is available to connect individuals with appropriate resources and support services.

B. PFAS Update

Peccia offered a PFAS update indicating no change in status, as the city continues to await State and Federal funding approvals before proceeding with project engineering. Officials noted that the matter remains in the hands of the legislature despite ongoing advocacy efforts.

INTRODUCTION OF ORDINANCES

A. Adopt Resolution 2026-3647 to introduce Ordinance 2026-10 vacating an alley at 1415 Sunnyside Drive and reserving a 20-foot easement and set a public hearing for July 20th 2026.

PUBLIC COMMENTS

There were no public comments.

GOOD OF THE ORDER

Brian Elenbaas, council member, reported that the cemetery was well-maintained over Memorial Day weekend, commending staff for their work and noting overall satisfaction.

Elenbaas and additional council members discussed inconsistencies and a lack of clear rules in the current City Manager evaluation process, noting that it has changed multiple times in recent years. Members expressed concern about limited communication and input and emphasized the need for Human Resources to play a more central role in the process. Several participants agreed that a formalized, consistent evaluation procedure should be developed to avoid last-minute changes and confusion. The group suggested holding a future work session, potentially involving HR staff, to establish a clear and stable process, likely later in the year due to scheduling constraints.

Rapid Response Committees

Each Rapid Response team is directed by a committee, which includes a coordinator, assistant coordinator, secretary/treasurer, and several additional committee members. This committee provides leadership and is responsible for the daily operations of the Rapid Response team.

PRAY

Please pray for disaster survivors who have, in some cases, lost almost everything they own. Pray also for our Rapid Response teams and volunteers as they minister to devastated homeowners and help them recover from disasters.

What is Rapid Response Services?

CAM's Rapid Response Services program offers to help individuals and communities in the U.S. clean up after natural disasters. Rapid Response teams in various locations of the U.S. facilitate quick response to disasters. Each team is ready to respond whenever an area is struck by flooding, tornadoes, wildfires, or other disasters.

The goal of our Rapid Response teams is to move into a community to investigate damages within 24 hours after a disaster strikes. Usually within 48 hours or less, they bring volunteers into the area to help cut up trees, remove debris, clean out flooded houses, install tarps on damaged roofs, or help with other cleanup projects. If it seems necessary, CAM's Disaster Response Services (DRS) follows up with a longer-term rebuilding project.

Rapid Response strives to demonstrate faith in Christ as they reach out to survivors of natural disasters. As people observe the lives and actions of Rapid Response volunteers, we want them to see Jesus.

“Bear ye one another's burdens, and so fulfil the law of Christ.”
—Galatians 6:2

Loaves & Fishes Food Kitchen

Following a major disaster, entire communities often have no place to buy or cook food. Loaves & Fishes Food Kitchen is available on short notice to serve hot meals to both homeowners and volunteers.

Rapid Response SERVICES

Rapid Response Services (RRS) is a faith-based program that offers cleanup services to individuals and communities affected by a disaster. Our goal is to provide quick response in the aftermath of storms, floods, tornadoes, and wildfires. Teams are designed to move into a community within 24 hours of a disaster to investigate the damages and bring volunteers into the area within 48 hours or less. Volunteers cut up trees, install tarps on damaged roofs, and help with general cleanup.

Our volunteers are mostly Mennonite or Amish, a group of people with a heart to reach out and help others. There is no charge for our labor; it is God's gift of love to you and your family.

If you would like a team of volunteers to help you with cleanup, or if you have questions or would like more information, please use the information on reverse side to contact us.

RE: Freedom of Information Act Request – Water System Asset Condition & Risk of Failure Records

Dear FOIA Coordinator,

Pursuant to the Michigan Freedom of Information Act, I respectfully request access to and copies of the following public records related to the City of Cadillac's water system asset management program, including but not limited to the "Risk of Failure" framework described in the City's Asset Management Plan:

Requested Records

1. All records, documents, reports, databases, spreadsheets, or internal materials used to evaluate, assign, or track Risk of Failure (ROF) ratings (scale 1–5) for water system assets, including:
 - Water mains, service lines, valves, and hydrants
 - Wells, treatment systems, buildings, and storage tanks
2. All asset condition assessments, inspection reports, or evaluation records used to determine:
 - Break history
 - Corrosion evidence
 - Asset age
 - Physical condition
3. Inspection schedules, logs, or maintenance records showing:
 - Frequency of recurring inspections
 - Dates inspections were performed
 - Personnel or contractors involved
4. All policies, procedures, or guidance documents governing:

- Risk of Failure scoring methodology
- Asset ranking criteria
- Inspection intervals by asset type

5. Any asset inventory lists or databases that include:

- Assigned Risk of Failure ratings
- Condition scores or classifications
- Replacement or repair prioritization

6. Any updates, revisions, or internal communications (including emails) discussing:

- Changes to Risk of Failure methodology
- Concerns about asset condition or failure risk
- Prioritization of repairs or replacements

Format Requested

I request that all records be provided in electronic format, preferably searchable PDF or native digital files (e.g., Excel spreadsheets) where available.

Timeframe

Please include records from January 1, 2024 to present, or the earliest date such records were maintained if later.

Fee Limitation

If fees are expected to exceed \$50, please provide an itemized estimate prior to fulfilling this request.

Public Interest

These records are requested to better understand the condition, reliability, and risk management of public water infrastructure, which directly impacts public health and safety.

If any portion of this request is denied, please cite the specific statutory exemption under FOIA and provide all non-exempt portions of the requested records.

Thank you for your time and attention to this request. I look forward to your response within the time required by law.

Respectfully,
Brad Marine

RE: Freedom of Information Request Deposit Notice

Dear Mr. Marine:

The City of Cadillac received your Freedom of Information Act ("FOIA") request by email on April 27, 2026. Pursuant to Section 5(1) of the FOIA, your request is considered received on April 28, 2026.

The City has determined that the total good faith estimate of the cost of processing this request will be \$520.04 (see attached Detailed Itemization Sheet). The City will process your request after you have paid a deposit of \$260.02 (which is ½ the total estimated costs), as provided in Section 4(8) of the FOIA. MCL 15.234(8). The deposit must be received by **July 6, 2026**, or the request will be considered abandoned by law. Please be advised that the deposit is a good faith estimate. You will be responsible for the total final fees even if they exceed this estimate.

The City estimates that it will be able to provide the documents to you within 30 days of receiving the deposit and the remaining balance is paid in full. Please be advised that this date is a good faith estimate of the timeframe required to provide the documents as set forth more fully in Section 4(8) of the FOIA.

The City's FOIA Procedures and Guidelines and its Written Public Summary of its FOIA Procedures and Guidelines can be found at: <https://www.cadillac-mi.net/461/FOIA-Information>.

Should you have any questions, please feel free to contact me.

RE: FOIA Fee Appeal – Detailed Itemization of Fees

To the Cadillac City Council:

Pursuant to MCL 15.240a and the City of Cadillac's FOIA Procedures and Guidelines, I respectfully submit this written appeal regarding the estimated FOIA fee and deposit associated with my recent request.

This appeal specifically challenges the estimated fee of \$520.04 and deposit requirement of \$260.02 outlined in the City's "Detailed Itemization of FOIA Fees."

Under Michigan FOIA, a public body may charge labor fees for searching, locating, examining, and separating exempt from non-exempt material only where failure to charge such fees would result in "unreasonably high costs" to the public body because of the nature of the request, and the public body must specifically identify the nature of those costs. MCL 15.234(1) and (3).

The City's explanation appears largely conclusory and generalized. The itemization references a "broad scope and voluminous nature" and a "request of this magnitude," but does not specifically identify:

- The approximate number of responsive records
- The number of pages anticipated
- The databases, systems, or departments searched
- Why approximately ten (10) hours are necessary merely for searching and locating records
- Why internal personnel could not reasonably perform the requested review
- Why outside legal counsel review is necessary for this request

The estimate further states that the City "does not possess the time and resources" to fulfill the request without contractual assistance. However, inconvenience, staffing preferences, or administrative burden alone are not sufficient grounds to impose excessive labor charges under Michigan FOIA.

Additionally, many of the requested materials appear likely to exist in electronic format and should therefore require limited search and duplication time.

Michigan FOIA also requires the use of the most economical means available and limits charges to the actual incremental costs reasonably necessary to fulfill the request.

Accordingly, I respectfully request that the City Council:

1. Reduce or waive the assessed fees and deposit;

2. Provide a more detailed factual explanation supporting the claimed labor hours;
3. Identify with specificity why outside counsel review is necessary in this instance;
4. Identify which portions of the estimate relate to legally necessary redaction versus general administrative review;
5. Recalculate the estimate using the narrowest reasonable interpretation of chargeable labor under MCL 15.234.

I further request that this appeal be placed on the record and considered at the next regularly scheduled City Council meeting consistent with the City's FOIA Procedures and Guidelines.

Thank you for your time and consideration.

Respectfully,

Brad Marine

Council Communication

Re: Emergency Purchases Report

The City recently incurred a number emergency purchases, primarily related to the flood event.

- **Wastewater Treatment Plant Valve Actuator Repair** – this part is a critical component of treatment operations and when issues with it were discovered it needed to be immediately scheduled for repair. Systems Specialties completed the repair in late March at a cost of \$9,524.47 and the invoice was recently paid.
- **Flood Event Emergency Spending** – The recent flood event triggered a significant amount of critical and emergency activities, many of which required outside services and purchases. Many of these occurred prior to the effective date of the amended purchasing thresholds, so for the purposes of this report, all spending over the prior threshold of \$7,500 is shown below.

Vendor	Description	Amount
Dunbar Excavating	Sand and Hauling	\$42,003.50
Wexford County	Work at Pump Station, Sand	\$32,080.22
Swan Electric Company	Leeson Generator	\$21,623.16
Consumers Energy	Install new electric service	\$25,742.00
The Isabella Corporation	Pump Setup and Rental	\$13,780.00
Sturgis Electric Motor Service	Shaft Pump Motor	\$9,300.00
Greater North Services	Sand	\$8,998.30

APPROVAL OF AGENDA

- A. Motion to approve March 12, 2026, agenda by Hensley, supported by Dietrich.
 - a. The motion was approved unanimously.

MINUTES/REPORTS

- A. Motion to approve minutes from February 12, 2026, by Dewey, supported by Hensley.
 - a. The motion was approved unanimously.

REPORTS/UPDATES:

- A. Finance Report: Director of Finance Owen Roberts explained the 2 page budget document that was created. The report stated the Authority would get just over \$6,600 for the fiscal year starting July 1, 2026. The Authority still has about \$6,000 in the residual account, which can be used on any items. Discussion took place about how funds can be spend using the TIF funds versus the residual account. Roberts also briefly explained Brownfield TIF per Plugger's request, and Plugger explained more training on TIF's would be coming.
 - a. Motion by Hensley to approve the 2027 Fiscal budget. Supported by Dewey. Motion was approved unanimously.
- B. Beautification
 - a. Banners from Visitor's Bureau and staff update: Hensley explained the documents attached were designed several years ago to create cohesive branding after COVID. Discussion took place about branding and staff displayed the branding package that the DDA recently paid Charmello to complete. Hensley stated she would contact Charmello and copy staff to ask for her to develop couple of quotes for different branding package sizes. Plugger explained that there is now a contract being amended from Consumer's Energy to allow the CIA to place more banner poles.
 - b. Tree Grant: Plugger explained Prein and Newhof had mapped placement of trees and would be meeting on April 16 to discuss. Plugger invited Dietrich to attend the meeting if he is available.
 - c. Discussion took place about placing flowers in the district and possibly connecting it to the Tin Can Event. Walravens explained timing by June would be good if they ordered flowers from their vendors.
- C. Events
 - a. Tin Can Weekend: Dewey and Plugger explained that the street closure was approved by DPW and being presented to City Council for approval. Dewey shared the different events that will be taking place, including possibly adding Friday activities.
