Jeff,

I have extended the due date on the schedules to June 1st, 2024, except for the MAHL/local limits schedule. For some reason MiEnviro is not allowing me to adjust that date. Hopefully, we can get that resolved in the system. Please consider that date extended to June 1st as well.

Claire,

I noticed that we had some reports that were due back to you by March 22, 2024. I obviously missed this date and would like to beg for your forgiveness.

We are working on them and feel confident that we can have them to you by June 1st. Can we get an extension until that date?

Thank you,

Jeffrey M. Dietlin
