

City Council Work Session Minutes
May 9, 2016

CALL TO ORDER

Mayor Filkins opened the meeting at approximately 4:30 pm.

ROLL CALL

Present: Council Members: Spoelman, Schippers, Meinhardt, Wohlfeill, Mayor Filkins

Absent: None

Staff Present: Peccia, Roberts, Dewitt, Wallace

Others Present: None

APPROVAL OF AGENDA

Motion was made by Schippers and supported by Meinhardt to approve the agenda as presented.

Motion unanimously approved.

PUBLIC COMMENTS

None

DISCUSSION AND REVIEW OF THE 2016/2017 ANNUAL OPERATING BUDGET

Peccia welcomed everyone to the second work session and commented on how since the first work session, the goals have been updated to reflect Council's discussion. An updated copy of the goals packet was distributed along with the budget discussion items (attached for reference), and the three new goals as follows were reviewed:

- Goal: Charter Review Team – Establish a Charter Review Team (“CRT”) to review the City’s Charter and make recommendations to Council regarding how it may be updated.

In accordance with City Council discussion, the CRT should be composed of no more than two Council Members, the City Manager, City Attorney, former Charter author, and perhaps two to three community stakeholders.

- Goal: Environmental Construction Practices – Establish environmental construction practices that will be used for reference and applied where feasible. Such practices may include using certain building products and materials to manage stormwater run-off and drainage in a more efficient manner.

- Goal: Complete Streets Policy – Establish a complete streets policy that identifies special additional elements such as non-motorized pathways, lighting, landscaping, and possibly other infrastructure in addition to the roadway that could be considered as part of road projects. When considering the additional special elements, various factors may apply and include but not be limited to proximity to schools, commercial centers, and connectivity to non-motorized pathways.

Council and staff reviewed the updated goal related documents, and the following is a summary of the discussion:

- Mayor Filkins and Spoelman volunteered to be the two Council Members serving on the Charter Review Team, and it was suggested that David Reiser, a former Charter author, be asked to also volunteer. Discussion regarding community stakeholders occurred, and it was suggested that possibly someone from industry, education, and/or another significant component of our community such as the hospital be asked to serve, however specific people were not identified. It was mentioned that the size of the group should not be too big, and that a preliminary planning meeting should be scheduled. It was also mentioned that ultimately the public will need to adopt Charter revisions by referendum, and that engaging the general public should also be part of the overall communication plan.
- Mayor Filkins commented that staff should create a separate “tickler file” on completed goals, and Council concurred. Staff briefly commented on how the statuses of the goals are updated in within the packet, and how to read the summary chart. It was mentioned that every goal will show up for at least 2 fiscal years within the summary chart and within the detailed listing in order to provide show the status and closure of the item.
- Peccia provided a brief explanation regarding the status of revenue sharing, and distributed data (attached for reference) that was obtained from the www.savemycity.org website. In summary, the data showed how Cadillac’s revenue sharing shortfall is currently over \$4 million, and that regionally including the City, four surrounding townships and the City of Manton, the loss is approximately \$5.8 million. The data provided also showed how Michigan’s revenues increased nearly 30% per the last U.S. Census, but that its revenue sharing to municipalities declined nearly 60%. It also indicated how Michigan is one of four states nationally that saw a decline in revenue sharing to municipalities, but that the level of decline in the other three states is approximately 10%.
- Spoelman inquired about the City’s financial contribution to the Wexford County Airport, and Roberts advised that on page 88 of the draft budget, the City’s annual contribution is \$33,000. It was mentioned that the contribution is pursuant to the

Agreement that established the Airport Authority, and that the City's contribution is 40% of their net operating need, with the County responsible for 60%.

- Council briefly discussed and suggested development of an additional goal regarding a review of the structure of our various boards and commissions, specifically taking a look at their size and guidelines or rules, such as attendance. It was stated that the addition of the new goal would be added to the goals list and chart.
- Roberts shared good news with Council regarding the projected low interest rate (2.75% range) for our upcoming debt issuance, and advised how our financial advisor is planning for a "direct placement" issuance.
- Pedestrian crossing improvements were discussed and it was suggested that the City acquire signage that could be placed on or along Lake St. in the vicinity of the crosswalk between the Pavilion and City Park. Wohlfeill commented about an automated LED system, and Peccia mentioned a similar system one of our industries recently paid to have installed as part of a road reconstruction project. Peccia requested DeWitt to look into acquiring a sign as discussed. Roberts mentioned the upcoming roadway improvements along Cedar and Hobart, and illustrated on the marker board, with DeWitt's input, how it will be improved for motorists and pedestrians alike.

ADJOURNMENT

Respectfully submitted,
Carla J. Filkins, Mayor

Sandra L. Wasson, City Clerk

City of Cadillac, Michigan
2016-2017 Annual Operating Budget

Mission and Vision Statements

Mission & Vision Statements

Mission Statement

It is the mission of the City of Cadillac to be a well-managed, environmentally conscious and fiscally responsible appealing community in northwest Michigan. We will encourage and advocate for an environment for living and working that is founded upon a strong community spirit of trust, broad-based citizen involvement, and dignity and respect for all regardless of ethnic, social, or economic backgrounds.

Vision Statements

The City preserves and enhances its character and quality of life, and will be responsive to the changing needs of the residents and environment in a fiscally responsible manner.

The City will be an outstanding example of a well-managed, planned community which protects and enhances its historical heritage, architecturally significant buildings, residential neighborhoods, natural resources, open spaces and recreational areas. The City fosters well-planned business and commercial districts, encompassing a variety of industrial, manufacturing, retail and service establishments.

A strong commitment will be made to public health and safety, the maintenance of our infrastructure, and the conservation of our open spaces and natural resources, and where and when applicable, environmentally "green" practices will be utilized. Community services are distinguished by a strong commitment to quality, efficiency and outstanding public facilities, supported by reasonable property tax rates and/or fees.

The City will be known for its promotion of dignity, respect, and cooperation among residents regardless of ethnic, social, or economic backgrounds, as well as will be known for its promotion of cooperation among businesses, community agencies, and other units of government.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

2016 CITY COUNCIL GOALS

The City Council will annually review and discuss their mission/vision statements, financial realities, and priorities that they believe will maintain and improve our community. Council goals include:

Community Development & Enhancement

1. Promote positive image
2. Advance quality of life
3. Maintain and improve civic infrastructure
4. Maintain and improve public facilities and equipment
5. Maintain and improve environmental infrastructure

Public Safety

1. Crime prevention
2. Emergency readiness and response
3. Enhance regional cooperation and communication
4. Fire Prevention

Economic Health & Development

1. Actively support business development
2. Promote business retention
3. Maintain and improve financial condition

Customer Service & Organizational Enhancement

1. Maintain and improve human infrastructure
2. Maintain & improve use of technology
3. Review & update administrative procedures and policies

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

KEY PRIORITY PROGRAMS AND PROJECTS

Based on the goals set by the Cadillac City Council, the following have been identified by both Council and staff as key priority programs or projects:

1. Enhance Payment Options for Customers

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: Owen Roberts

Currently the City does not offer the ability to pay any bills online or with the use of credit cards. The Financial Services Department will identify vendors that work with the City's current software providers in an effort to accept both credit card payments and online payments for various City services and charges.

Status: New financial system scheduled to be live in August/September 2016. Capabilities of new system will enable both online payments, and credit card payments at the Cadillac Municipal Complex.

2. Study Future of Cadillac Community Center (former Naval Reserve)

Time Frame: 1-2 Years

Initiated: FY 2016

Project Leader: Owen Roberts

The Cadillac Community Center has tenants in only a small portion of the facility, and the annual rents are not sufficient to fully cover annual costs of the facility. The facility is also in need of significant investment in order to attract new tenants. The City needs to engage community stakeholders and determine the best option for the facility.

Status: There have been no new tenants identified and the facility is falling further into disrepair. Unless new tenants are identified and new leases signed, this current budget marks the final year that the complex has the funds to operate.

3. Adopt Updated 5-Year Recreation Plan

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: John Wallace

The joint City/CAPS plan serves as a guide to the development and delivery of recreational facilities and services for the 2015 through 2020 period. The plan is an eligibility requirement for the receipt of recreational grant funds from the State of Michigan (Michigan Department of Natural Resources). The updated plan has gone through a series of public and local agency reviews and is ready for review and approval by the Cadillac City Council and the Cadillac Area Public School Board.

Status: *Completed* - The 5-Year Recreation Plan was completed and approved by the City of Cadillac, Cadillac Area Public Schools and the State of Michigan. No further work or action on this plan required.

4. Adopt Updated City Master Plan

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: John Wallace

The master plan serves as a guide to the city's future growth and development and is a support instrument for the Cadillac Zoning Ordinance. The current master plan is undergoing an update. It is anticipated the plan will be ready for review and adoption by the Cadillac Planning Commission in April and the Cadillac City Council in June.

Status: *Completed* - The City of Cadillac Master Plan was completed and approved by the City Council on September 8, 2015. No further work or action on this plan is required.

5. Develop Blight Control Program

Time Frame: 1-2 Years

Initiated: FY 2016

Project Leader: Todd Golnick

Blighted areas prevent commercial and residential investment as well as attract crime and disorder. By aggressively pursuing and eliminating blight, economic development opportunities are created as well as a reduction in crime.

Status: Several departments have worked cooperatively to create an aggressive start to a long term plan. A committee has been formed to address overall blight issues. Code enforcement has created a new partnership with the prosecuting attorney's office resulting in cleanup of some of the worst residential properties. CPD is addressing blight with newly formed neighborhood watches and providing dumpsters to neighborhoods to clean up properties. The City was recently successful in obtaining a grant for \$79,000 to have the city's worst blighted buildings razed.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

6. Develop Parks Beautification and Management Plan

Time Frame: 1-2 Years

Initiated: FY 2016

Project Leader: Bruce DeWitt

The City has nearly 120 acres of beautiful park space. The trees throughout the parks need to be inspected and evaluated to determine if they are diseased or over grown. The emerald ash borer has affected many trees in the park system so removal of diseased trees will be a big undertaking. The trees around the lake will be evaluated and inventoried first. City forestry crews can then prioritize the trees that need to be removed, trimmed or treated and completed this part of the project within a year. This will also improve visibility around Lake Cadillac. The next phases of tree management will address trees in other areas of the City and will likely take a few years to complete. The City will also be pursuing grants that could provide funding for tree management software and assistance.

Status: No activity on this project due to time constraints.

7. Achieve Certified Local Government Status

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: John Wallace

Designation as a Certified Local Government makes the city eligible for a range of grants from the National Park Service and the Michigan State Historic Preservation Office. Grant funds may be used for historic recordation and preservation purposes.

Status: The document to achieve Certified Local Government Status has been completed and reviewed the Cadillac Historic District Committee. The document has been submitted to the State Historic Preservation Office (SHPO) for their review and comment. Remaining action on this project would be to respond to comments received by SHPO. The document submitted calls for ongoing activities in the city's historic districts.

8. Update Lake Cadillac Invasive Species Management Program

Time Frame: 1 to 2 Years

Initiated: FY 2016

Project Leader: Marcus Peccia

This program helps to insure the ongoing treatment of invasive species in Lake Cadillac. The City should first retain the services of a qualified Lake Management Consultant. Then the Lake Management Invasive Species Management Committee should reconvene for purposes of identifying management needs and program funding. Due to the normal transition of membership it is recommended committee participation be opened for the addition of new recruits. This group will help implement the lake management program going forward.

Status: The Agreement between the City and Progressive A/E concludes at the end of the 2016 treatment season. The program fund is sufficient to cover treatment and consulting costs throughout this season and possibly the next. In the fall of 2016, the City will look to reconvene the Lake Management Committee, a group composed primarily of lakeside property owners. Discussions regarding future program funding sources and management strategies will be their priorities.

9. Initiate the Cadillac West Corridor Improvement Association

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: John Wallace

The Cadillac West Corridor Improvement Association (CWCIA) is a public redevelopment organization whose purpose is to improve the commercial viability of the resort area commonly referred to as Cadillac West. The CWCIA will be comprised of a local board operating similar to the Downtown Development Authority and will be principally supported through tax increment financing.

Status: The Cadillac West Corridor Improvement Association has been formed. Early efforts have not succeeded in finding sufficient board members for this association. Future efforts needed for this project are to complete the board, prepare a redevelopment plan, and to prepare a tax increment financing plan. The estimated cost above staff time to achieve these activities would be \$25,000.

10. Initiate Phase I of the PlacePlans Project

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: John Wallace

Phase I calls for the redevelopment of the City Park parking lot and Elk Avenue for purposes of improving the areas aesthetic appeal, commercial viability, and public use. The Michigan Economic Development Corporation is providing a \$200,000 grant for the project. The grant will be leveraged with DDA and Community Development funds.

Status: The PlacePlans project now called "The Plaza" at Cadillac Commons (formerly Heritage Plaza) is currently under construction. The utility burying process is currently about 50% complete and should be completed around May 20, 2016. A contractor to begin the demolition and reconstruction of the parking lot and plaza has been

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

selected and should begin work upon completion of the utility burying. Estimated completion date is by July 4, 2016. If there are delays the goal will be to open the parking areas by July 4 and work on completing the plaza after that date.

“The Market” at Cadillac Commons which involves the construction of a farmers market structure on the site of the Forbes building is estimated to start construction in June, 2016. This portion of the project is anticipated to be completed by August or September of 2016.

11. Initiate Phase II of the Rotary Performing Arts Pavilion Redevelopment Project

Time Frame: 1-2 Years

Initiated: FY 2016

Project Leader: Owen Roberts

The Cadillac Rotary Club has pledged additional funding for the continued renovation of the Rotary Performing Arts Pavilion and the surrounding area. The vision for the project exceeds the funds that are currently committed, so additional funding will need to be identified to move the project forward.

Status: Project is scheduled to be completed by Summer 2016.

12. Pursue Outside Funding for White Pine Trail Downtown Bike Station

Time Frame: 1 to 2 Years

Initiated: FY 2016

Project Leader: Bruce DeWitt

Grant funding for the development of the White Pine Trail Downtown Bike Station, as recognized in the newly updated City/CAPS 2015-2020 Recreation Plan, will be sought through the Michigan Department of Natural Resources (MDNR) and possibly the National Park Service. In the interim, measures will be taken to secure a lease agreement for use of the MDNR right-of-way to be used for trail purposes.

Status: City submitted a grant application to the MDNR on April 1, 2016. Project does require a local match so if the City is successful in obtaining the grant, local funds will need to be identified.

13. Enhance Customer Relationship Management

Time Frame: Ongoing

Initiated: FY 2016

Project Leader: Marcus Peccia

Explore opportunities to improve the customer experience. Activities may include the use of new forms, technology, and policy(s).

Status: Preparing to offer customers the use of credit or bank cards for utility and tax payments; now accepting faxed or e-mailed applications and resumes of job seekers; providing faster FOIA processing, increased the use of Facebook to communicate City projects and general information; instituted a police community partnership program; utilized public service announcements for winter plowing basics; continued use of our online “Report A Concern” system; and reinstated the issuance of building permits in-house.

14. Complete Phase II of Well Field Relocation Project

Time Frame: 2 Years

Initiated: FY 2016

Project Leader: Jeff Dietlin

The City is in the process of getting appraisals for properties for the Phase II wellfield. A test production well will be installed on the selected property. Engineering services will be acquired and financing secured. Bids will be secured for construction of new well field. Construction anticipated to be completed in the summer of 2017.

Status: The City has an accepted purchase agreement in place for the new well field. The test well should be completed in early spring 2016. Once financing is in place, construction could begin as early as late summer 2016.

15. Implement Plan to Upgrade All Streets Rated in Poor Condition

Time Frame: Ongoing

Initiated: FY 2016

Project Leader: Bruce DeWitt

Currently the City has 12 streets listed in poor condition which is a rating of 2 out of 10. The Engineering Department will place all of these streets in the CIP and work with the Financial Services Department to find grants or sell bonds to improve these streets.

Status: Cobb Street and W. Division Streets should be completed in 2016, utilizing grant funds and Motor Vehicle Highway Funds from the Major Street Fund. City has identified priority projects in the CIP and will explore debt financing to complete an estimated \$2 million in street reconstruction projects over the next couple of years.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

16. Enhance Web and Social Media Presence to Improve Communication and Expand Online Access to Public Information and Documents

Time Frame: Ongoing

Initiated: FY 2016

Project Leader: Owen Roberts

Residents, property owners, community stakeholders and businesses are increasingly taking advantage of new and emerging technologies to communicate and do business. The City needs to identify and utilize new technologies to enhance communication with community members and offer access to public documents.

Status: Additional documents have been added to the City's website. The City is considering options for redeveloping the current website. In addition, new financial software that is being implemented will enable online access to property tax and utility accounts.

17. Update Existing Mutual Aid Agreements (Fire)

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: Fred Osborn

Mutual Aid is an agreement among emergency responders to lend assistance across jurisdictional boundaries. This may occur due to an emergency response that exceeds local resources, such as a disaster or a multi-alarm fire. We will review & update current mutual aid and expired automatic aid agreements with bordering township fire departments (Cherry Grove & Haring Townships). We will also review & update mutual aid agreements with other Wexford, Missaukee, and Osceola County fire departments. Finally, we will review & update ladder truck agreements with Traverse City and Big Rapids.

Status: *Complete* - After considerable review of available documents and agreements with mutual aid departments, we have come to a consensus that the current mutual aid agreements in place are working and change at this time is not needed. MABAS is a region 7 and state mutual aid agreement that the township fire departments are not prepared to join at this time.

18. Re-examine Neighborhood Watch Programs

Time Frame: 1 to 2 Years

Initiated: FY 2016

Project Leader: Todd Golnick

Neighborhood Watch programs in Cadillac were strongest when the police department had a full-time Community Services Officer (CSO). Currently, the department has an officer assigned to 80% School Resource Officer duties and 20% CSO services. Police management will plan and prioritize the CSO services so as to re-invigorate and re-establish Neighborhood Watch programs in Cadillac.

Status: The Cadillac Police Department is instituting a department wide crime prevention effort entitled "Cadillac Community Partnership". This partnership consists of four pillars, *Neighborhoods, Schools, Retail and Rental Housing*. The neighborhood pillar of this initiative consists of a new neighborhood watch project that has created much enthusiasm in the city's NE sector. The department intends to solicit more neighborhoods into the watch.

19. Maintain 2-3 Months Fund Balance Reserves in General Fund

Time Frame: Ongoing

Initiated: FY 2016

Project Leader: Owen Roberts

Prudent financial management includes insuring that adequate reserves are on hand to protect ongoing operations and ease cash flow issues. Regular review of expenditures, long-term financial planning, and expanding revenue sources are all an important part of achieving this important financial objective.

Status: Achieved as of June 30, 2015. It is anticipated that this will also be achieved for FY2016.

20. Improve Capacity to Encourage and Facilitate Local Development

Time Frame: 1 to 2 Years

Initiated: FY 2016

Project Leader: Marcus Peccia

Identify and implement strategies to entice development for all sectors within the City. Engage various community stakeholders to identify strategies to share knowledge and resources in order to more effectively address community-wide issues that must be addressed to encourage growth and development. May include new efforts to market various city-owned properties for sale for the purpose of commercial, industrial, and residential development.

Status: The city has taken the following actions to encourage and facilitate local development:

- City staff has been updating local and state databases of Cadillac buildings and properties that are for-sale, lease, or available for development
- City staff has updated the Master Plan that includes many goals and objectives for city-wide economic development.
- Aggressively pursued the design and implementation of the PlacePlans Project (The Plaza).

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

- City staff meets regularly with the Cadillac Downtown Fund and the Downtown Development Authority to facilitate and coordinate with their strategic planning.
- City staff is working with the “Wayfinding” subcommittee of the Downtown Development Authority to explore implementation of a wayfinding system for the Cadillac area, and the “Streetscape” subcommittee regarding future improvements to the Mitchell Street Corridor.
- City staff has met or connected with several development related inquiries related to new residential, commercial, and industrial development.

21. Resume Building/Construction Code-Related Activities

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: Fred Osborn

Wexford County currently handles the administration of construction codes. The City has been in the process of resuming these activities through a private firm. By resuming these activities, the City is aiming to increase customer service/satisfaction in a budget-neutral manner. Additionally, City staff will be reviewing our fire and maintenance codes and making recommendations to council for any updates that may be needed to stay “in-line” with the applicable state codes. The first major focus will be on adopting the 2012 edition of the International Property Maintenance Code, as well as addressing the emergency egress access in rental housing.

Status: *Complete* - AGS has been providing building, mechanical, and plumbing inspection services since July 22, 2016. City adopted the 2012 editions of the IPCM and Fire Codes.

22. Develop Fleet Management Plan

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: Bruce DeWitt

The City will be implementing a Fleet Management System to better identify possible issues with vehicles and equipment. This will enable the City to make better decisions on which inventory takes priority to replace as well as keeping a log of the costs that have been spent repairing each piece of equipment. The street department will have a designated team that will inspect the vehicles on a regular determined schedule to ensure regular maintenance is completed and to note future problems that need to be watched and addressed. The City will evaluate fleet management software options. By implementing this plan, it should help the appearance, condition and longevity of the City’s fleet.

Status: Department of Public Works started to develop and roll out a plan; implementing fleet management software in the near future will make the plan more efficient and manageable.

23. Examine Legal Service Options

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: Marcus Peccia

Pursuant to City Council discussion, develop and issue a request for qualifications/proposals for legal services. Primary purposes include the re-testing of the market place and determining whether feasible opportunities are available for reducing expenses while maintaining a high level of service.

Status: *Completed* - City staff now provide City Council with a monthly legal update that details the charges that have been incurred and where the charges were allocated. This includes comparisons to prior years, and through modifications of internal processing of Freedom of Information Act Requests, and a general calming of our political environment, expenses have decreased. At this time there are no plans in place to rebid the services.

24. Examine Smoking Restrictions in Public Park Areas

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: John Wallace

Implement an ordinance banning smoking in high use pedestrian zones in the city’s public parks. Following passage of the ordinance, erect “No Smoking” signs as needed and inform the public of the smoking restrictions via local media outlets, the City website, and social media.

Status: *Complete* - The city has adopted a resolution to make select areas of the city’s parks and facilities tobacco-free areas. Signs have been installed to inform the public of these areas. No additional action is required for this project.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

25. Evaluate Status and Future of Groundwater Cleanup

Time Frame: Within 1 Year

Initiated: FY 2016

Project Leader: Jeff Dietlin

The Local Development Finance Authority (LDFA) has received a quote for a project close-out study. Once the LDFA board discusses and awards the study, it is anticipated to take less than a year to get a final report from the consultant on the progress and future of the LDFA Groundwater cleanup. If the study indicates that new funding is needed to operate the system, this issue will need to be addressed at that time.

Status: A draft report on the close-out study has been issued and will be discussed by the LDFA board. Once the board has a chance to review the report, future initiatives and requirements for operating the system will be evaluated.

26. Enhance Employee Development and Training

Time Frame: Ongoing

Initiated: FY 2016

Project Leader: Marcus Peccia

Continue to explore opportunities to improve the City's largest investment - people. Discovering how we can better utilize our current technology and/or new technology to improve how we provide services, encouraging participation in training when applicable and feasible, and reviewing, updating, and/or creating administrative policies and procedures will be the focus.

Status: The City is enhancing the employee's benefit enrollment and information management process through the introduction of an on-line web portal. Additionally, the shared network drive has been populated with the most often-used forms by employees for their convenience.

All employee trainings such as CPR & First Aid; Active Shooter; "Communication Skills" by 2 The Rescue; and Fire Extinguisher Use were offered to assist in one's job and personal safety. These trainings are in addition to various job specific education and trainings offered at the department level. Social media and leave policies are also being crafted or edited in an effort to improve their intended use.

27. Review/improve ISO Fire Rating

Time Frame: Ongoing

Initiated: FY 2016

Project Leader: Fred Osborn

By classifying communities' ability to suppress fires, ISO helps the communities evaluate their public fire-protection services. The program provides an objective, country-wide standard that helps fire departments in planning and budgeting for facilities, equipment, and training. By securing lower fire insurance premiums for communities with better public protection, the PPC program provides incentives and rewards for communities that choose to improve their firefighting services. Department leadership will review & analyze past ISO ratings and formulate a strategic plan to improve our current ISO rating from a 5 to a 4.

Status: Department member training documentation has risen over 25% the past year. Strides improving dispatching, company inspections and maintenance record scores will be the new focus. Department member training, along with documentation, has risen over 25% over the past year. A company fire inspection program is the next project in development to aid in improving our ISO rating, public relations and fire prevention in the downtown area. Equipment and vehicle maintenance record keeping are still improving, and dispatching is still an area that needs improvement, and will likely be a discussion topic as the County determines how to provide dispatching services in the future.

28. Charter Review Team

Time Frame: Within 1 year

Initiated: FY 2017

Project Leader: Marcus Peccia

Establish a Charter Review Team ("CRT") to review the City's Charter and make recommendations to Council regarding how it may be updated.

In accordance with City Council discussion, the CRT should be composed of no more than two Council Members, the City Manager, City Attorney, former Charter author, and perhaps two to three community stakeholders.

29. Environmental Construction Practices

Time Frame: Within 1 year

Initiated: FY 2017

Project Leader: Bruce DeWitt

Establish environmental construction practices that will be used for reference and applied where feasible. Such practices may include using certain building products and materials to manage stormwater run-off and drainage in a more efficient manner.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

30. Complete Streets Policy

Time Frame: Within 1 year

Initiated: FY 2017

Project Leader: John Wallace

Establish a complete streets policy that identifies special additional elements such as non-motorized pathways, lighting, landscaping, and possibly other infrastructure in addition to the roadway that could be considered as part of road projects. When considering the additional special elements, various factors may apply and include but not be limited to proximity to schools, commercial centers, and connectivity to non-motorized pathways.

Following is a chart that helps connect the priority programs with the goals of the City Council.

Community Development and Enhancement	Promote Positive Image Advance Quality of Life Maintain & Improve Public Facilities and Equipment Maintain & Improve Civic Infrastructure Actively Support Local Business Development Promote Business Retention Maintain and Improve Financial Condition
Economic Health and Development	Crime Prevention Emergency Readiness and Response Enhance Regional Cooperation and Communication Fire Prevention Maintain and Improve Human Infrastructure Update Administrative Procedures and Policies
Public Safety	Service and Organizational Enhancement

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

DEPARTMENTAL GOALS AND OBJECTIVES

City of Cadillac Departmental Structure

The City of Cadillac is organized under seven (7) main departments. A department director is assigned to each department. Departments are structured as follows:

<u>Department</u>	<u>Department Director Title</u>
• Office of the City Manager	City Manager (Marcus Peccia)
• Financial Services Department	Director of Finance (Owen Roberts)
• Department of Public Works and Engineering	Director of Public Works and Engineering (Bruce DeWitt)
• Community Development Department	Community Development Director (John Wallace)
• Police Department	Chief of Police (Todd Golnick)
• Fire Department	Fire Senior Captain (Fred Osborn)
• Utilities Department	Director of Utilities (Jeff Dietlin)

Except for the General Fund, all of the other funds within the City's fund structure are overseen by one of the primary department directors listed above. Throughout the budget document, each fund other than the General Fund will notate which department director is responsible for oversight of the fund.

It is important that each department of the City partners with the City Council to help carry out the mission of the Council. Departmental goals and objectives are presented below. It is also important to measure the outcomes of each department to ensure the progress of each department towards accomplishing this mission. Within each department below is a reference to other sections of this document where various performance measures can be found.

As the Chief Administrative Officer of the City of Cadillac, the City Manager has overall responsibility for the management of all City services and departments. As part of carrying out this responsibility, the City Manager requires each individual department to submit the following goals and objectives to outline how the respective departments will assist and partner with the City Council to achieve the mission and objectives contained in the Council Mission and Vision Concepts. As such, highlighted within each departmental goal is the specific council vision statement that the departmental goal is targeted towards achieving.

In addition, the Cadillac City Council recently approved the Priority Program schedule included in this document. Each departmental objective will include the priority program project that it will help achieve. Each departmental objective will include a reference to the program number (i.e. "PP-1" indicates that the objective relates to the implementation of Priority Program 1 in the schedule). Not all departmental goals may tie directly to a program on the schedule.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

[**Financial Services Department**]

Department: Financial Services Department
Director: Owen Roberts
Performance Measures: Pages 36-37, 61,62, 63, 64, 65, 173

Departmental Goals and Objectives:

To assist the City Council in achieving its mission, the **Financial Services Department** will:

1. Promote *fiscal responsibility* by advocating for and practicing prudent, conservative fiscal practices and decision-making. Identified tasks to help achieve this objective are:
 - a. Minimize personnel legacy costs. (PP-19)
 - b. Measure and fully fund annual pension and other post-employment benefits liabilities.
 - c. Maintain General Fund Working Capital fund balance assignment of at least 15% of total annual General Fund expenditures. (PP-19)
2. Foster a *community spirit of trust* by providing open and easy access to financial information and results. Identified tasks to help achieve this objective are:
 - a. Property tax information available on the City's website. (PP-16)
 - b. Annual Operating Budget, Comprehensive Annual Financial Report, and 5-Year Capital Improvement Program available on the City's website. (PP-16)
3. Promote a *community spirit of trust* by commitment to providing comprehensive and accurate financial information. Identified tasks to help achieve this objective are:
 - a. Obtain Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA).
 - b. Obtain Distinguished Budget Presentation Award from the GFOA.
 - c. Obtain unmodified ("clean") audit opinion.
4. Demonstrate a *strong commitment to quality and efficiency* in the delivery of *community services* by utilizing technology to streamline communications and internal business processes. Identified tasks to help achieve this objective are:
 - a. Evaluate and invest in new and/or upgraded technologies to take advantage of new efficiencies. (PP-26)
 - b. Continue to meet schedule of hardware replacement to ensure optimal efficiency and minimize down time.
 - c. Develop new communication tools and utilize existing tools to enhance delivery of important information to local residents and businesses. (PP-16)
 - d. Implement credit card payment system. (PP-1)
 - e. Increase direct deposit utilization.

[**Public Works Department**]

Department: Department of Public Works and Engineering
Director: Bruce DeWitt
Performance Measures: Pages 67, 68, 79, 80, 82, 84, 117, 125, 169

Departmental Goals and Objectives:

To assist the City Council in achieving its mission, the **Public Works Department** will:

1. Enhance Cadillac as an *appealing community* by protecting our *natural resources, open spaces and recreational areas* throughout the City's parks, rights-of-way, open spaces and Maple Hill Cemetery. Identified tasks to help achieve this objective are:
 - a. Plant 100 trees annually in City right-of-way and public spaces. (PP-6)

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

- b. Continue forestry practices that have helped the City maintain the designation of Tree City USA for twenty-nine consecutive years. *(PP-6)*
- c. Adequately staff seasonal crews to facilitate optimal maintenance of parks and cemetery. *(PP-6)*
- 2. Promote *fiscal responsibility* by seeking ways to help offset costs of parks maintenance and forestry activities and to provide funding for additional activities. Identified tasks to help achieve this objective are:
 - a. Actively seek forestry grants to assist in the cost of purchasing trees. *(PP-6)*
 - b. Utilize competitive bidding process to ensure lowest acquisition costs for goods and services. *(PP-15)*
 - c. Seek opportunities to utilize volunteer help where appropriate. *(PP-6)*
 - d. Utilize Wexford County trustee help to reduce manpower costs. *(PP-6)*
- 3. Promote a *community spirit of trust* by responding to citizen comments and concerns in a timely fashion. Identified tasks to help achieve this objective are:
 - a. Develop a system to track citizen requests and complaints in order to measure response times and satisfactory resolutions. *(PP-13)*
 - b. Provide online submission venue for citizen concerns, comments and complaints. *(PP-13)*
- 4. Support our *strong commitment to monitoring the City's infrastructure* by continually evaluating and updating the infrastructure needs within the City. Identified tasks to help achieve this objective are:
 - a. Annually rank the condition of City streets. *(PP-15)*
 - b. Review and rank utility infrastructure needs below the streets. *(PP-15)*
 - c. Review and update Capital Improvement Program projects. *(PP-15)*
 - d. Design, bid and inspect all street and utility construction projects. *(PP-15)*
 - e. Update the Geographic Information System (GIS) with new utility information. *(PP-15, 20)*
- 5. Enhance the City as a *highly appealing and desirable community* through maintenance practices that shall include:
 - a. Inspect and repair sidewalks thereby ensuring a safe walking environment for the public.
 - b. Continue the sign replacement program as well as maintaining the existing system of signs throughout the City.
 - c. Monitor and order repairs to all City lighting including streets, parks and the downtown business district.
 - d. Continue with the seasonal employment of a downtown maintenance worker who is responsible for sweeping sidewalks and side street parking spaces as well as resetting brick pavers and litter collection. *(PP-16)*
 - e. Optimize ice and snow control activities on State trunk lines, major and local streets and residential sidewalks.

Department: Community Development Department
Director: John Wallace
Performance Measures: Pages 85, 137-138

Departmental Goals and Objectives:

To assist the City Council in achieving its mission, the **Community Development Department** will:

- 1. Promote a *well-managed and fiscally responsible community* through the updating, adoption and implementation of key policy and land use instruments and through the formation of organizational structures identified as important to the city's future growth and development. Identified tasks for achieving this objective include:
 - a. Adopt the updated Community Recreation Plan. *(PP-3)*
 - b. Adopt the updated City Master Plan. *(PP-4)*
 - c. Initiate the Cadillac West Corridor Improvement Association. *(PP-9)*

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

2. Promote *fiscal responsibility* by carefully identifying, examining and pursuing local, state, and federal funding programs as a means of leveraging local dollars as well as providing for facilities and services potentially unavailable without the benefit of supplementary resources. Identified tasks for achieving this objective include:
 - a. Adopt the updated Community Recreation Plan to qualify for recreational grant funds through the Michigan Department of Natural Resources and local philanthropic organizations. (PP-3)
 - b. Pursue outside funding for the White Pine Trail Downtown Bike Station. (PP-12)
3. Enhance the City as a *highly appealing and desirable community* by fostering the growth and development of new facilities and services. Identified tasks for achieving this objective include:
 - a. Achieve Certified Local Government status. (PP-7)
 - b. Initiate Phase I of the PlacePlans project. (PP-10)
 - c. Begin Phase II of the Rotary Performing Arts Pavilion Redevelopment project. (PP-11)
 - d. Pursue outside funding for the White Pine Trail Downtown Bike Station. (PP-12)
4. Foster a *community spirit of trust* by instituting and participating in programs designed to inform and educate the public on community development matters. Identified tasks for achieving this objective include:
 - a. Adopt the updated City Master Plan. (PP-4)
 - b. Adopt the Community Recreation Plan. (PP-3)
5. Promote the *City's environmental well-being* by instituting programs designed to protect the City's natural resources. Identified tasks for achieving this objective include:
 - a. Examine smoking restrictions in public park areas. (PP-24)
 - b. Adopt the updated City Master Plan. (PP-4)
 - c. Adopt the Community Recreation Plan. (PP-3)

Department: Police Department
Director: Chief of Police Todd Golnick
Performance Measures: Pages 69, 70, 71, 72, 73, 74, 78

Departmental Goals and Objectives:

To assist the City Council in achieving its mission, the **Police Department** will:

1. Foster a *community spirit of trust* and *broad-based citizen involvement* by continuing to work with the community to reduce crime and increase the feeling of community safety. Identified tasks to help achieve this objective are:
 - a. Promote the city wide Neighborhood Watch concept to help identify and prevent criminal activity. (PP-18)
 - b. Involve the Cadillac Community Policing Officer with local civic groups and community organizations to share information, offer other available resources, solve community problems, and offer crime prevention training in the community. (PP-13)
 - c. Build community trust by offering professional, competent, respectful, and helpful service to the community. (PP-13)
2. Enhance the City as a *highly appealing and desirable community* by placing a high emphasis on traffic safety. Identified tasks to help achieve this objective are:
 - a. Perform traffic surveys to identify problem areas.
 - b. Utilize the department's radar speed trailer throughout the city to raise speed limit awareness and promote compliance with the law.
 - c. Assign traffic patrol to identified problem areas.
 - d. Continue to focus on the increasing problem of operating under the influence of drugs by utilizing the departments Drug Recognition Expert to assist officers in recognizing and combating this dangerous situation.

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

3. Enhance the City as a *highly appealing and desirable community* by decreasing criminal activity such as larcenies, property damage, and breaking and entering. Identified tasks to help achieve this objective are:
 - a. Continue to deploy personnel on targeted neighborhood patrols. (PP-18)
 - b. Continue to put a high emphasis on investigating and solving crimes, and prosecuting the offenders.
 - c. Utilize the media, business contacts, and community groups to raise community awareness of current problems in order to promote early detection and reporting of suspicious or criminal activity. (PP-16)
4. Promote the City's *environmental well-being* by purchasing products and equipment for the department whenever possible that are environmentally friendly, safe, economical and that support local business when appropriate. Evaluate other operational opportunities to reduce emissions. Identified tasks to help achieve this objective are:
 - a. Evaluate environmental impact of equipment acquisitions and departmental activities.
 - b. Utilize Summer Patrol Officers on foot and on bikes to reduce fuel usage and emissions.
5. Promote a *well-managed and fiscally responsible community* by continuing current efforts and seeking out additional opportunities for co-operative mutual aid agreements with area public safety agencies. Identified tasks to help achieve this objective are:
 - a. Continue to take advantage of opportunities for joint in-house training utilizing local departmental instructors. (PP-26)
 - b. Promote sharing of specialized equipment with other local agencies to eliminate duplication in the acquisition of costly equipment. (PP-17)
 - c. Continued support of joint specialty teams. (PP-17)
 - d. Research options for a volunteer program to supplement and enhance our current resources. (PP-17)

Department: Fire Department
Director: Captain Fred Osborn
Performance Measures: Pages 74, 75, 76, 77, 78

Departmental Goals and Objectives:

To assist the City Council in achieving its mission, the **Fire Department** will:

1. Demonstrate a *strong commitment to public health and safety* by protecting local residents, businesses, and industries through fast, effective and efficient fire protection emergency medical services (EMS), hazardous materials protection, and extrication, ice and technical rescues. Identified tasks to help achieve this objective are:
 - a. Provide and document adequate training for all personnel. (PP-26)
 - b. Maintain safe, efficient, and updated equipment and fire apparatus. (PP-22)
 - c. Develop and maintain pre-incident action plans for high risk occupancies. (PP-27)
 - d. Continue to minimize fire losses through prevention, investigation, and personnel development. (PP-27)
 - e. Develop and maintain company inspection program that focuses on Fire Code compliance in the Downtown District (PP-27)
2. Promote a *fiscally responsible community* by continuing partnerships with local agencies to provide efficient fire and EMS services. Identified tasks to help achieve this objective are:
 - a. Continue partnerships with Northflight and Clam Lake Township. (PP-17)
 - b. Continue and enhance mutual aid agreements with other local departments. (PP-17)
 - c. Develop county-wide training partnerships. (PP-27)
 - d. Enhance county-wide purchasing partnerships. (PP-19)
 - e. Maximize Wexford Fire Training Committee funds from the State of Michigan. (PP-26)
 - f. Fully utilize available cost-free training opportunities from FEMA and other federal agencies. (PP-26)

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

3. Promote a *strong community spirit of trust* and *broad-based citizen involvement* through community fire prevention and safety education, especially to “at-risk” groups like the very young and elderly. Identified tasks to help achieve this objective are:
 - a. Increase educational programs within local school systems, senior housing facilities, and other community-based organizations. (PP-13)
 - b. Develop closer relationship with community stakeholders in order to improve efficiency and effectiveness of code enforcement activities. (PP-13)

Department: Utilities Department
Director: Jeff Dietlin
Performance Measures: Pages 94, 96, 100, 103, 105, 110-112, 191-192, 194

Departmental Goals and Objectives:

To assist the City Council in achieving its mission, the **Utilities Department** will:

1. Promote *fiscal responsibility* by advocating for and practicing prudent decision-making. Identified tasks to help achieve this objective are:
 - a. Evaluate staff to maximize potential workloads. (PP-26)
 - b. Evaluate equipment needs and develop a comprehensive preventative maintenance program to extend useful life of all equipment. (PP-22)
2. Foster a *community spirit of trust* by providing open and easy access to information and results. Identified tasks to help achieve this objective are:
 - a. Encourage local residents and groups to tour departmental facilities. (PP-13)
 - b. Provide annual results of water quality tests on the City website. (PP-16)

Water Resources Division

1. Promote *fiscal responsibility* by advocating for and practicing prudent decision-making. Identified tasks to help achieve this objective are:
 - a. Evaluate opportunities for new revenue such as accepting additional hauled waste.
 - b. Maintain a well-run digester to ensure the production of alternate fuel sources to offset costs of natural gas usage.
2. Promote an *environmentally conscious attitude* by advocating for and practicing environmentally prudent decision-making. Identified tasks to help achieve this objective are:
 - a. Maintain a well-run digester to ensure the production of alternate fuel sources to reduce natural gas usage.
 - b. Evaluate green component of future purchases.
 - c. Maintain discharge levels below required NPDES permit levels.
 - d. Maintain an active Industrial Monitoring Program to limit amount of industrial waste that is discharged into the waste water treatment system.
 - e. Maintain the production of Class “A” EQ (Exceptional Quality) biosolids for land application.
 - f. Reestablish bi-annual collection of Household Hazardous Waste.

Water Distribution and Collection Division

1. Promote *fiscal responsibility* by advocating for and practicing prudent financial decision-making. Identified tasks to help achieve this objective are:
 - a. Evaluate opportunities for new revenue such as selling bulk water.
 - b. Maintain a well-run meter program with less than 1% misreads per month. (PP-26)
 - c. Continue educational opportunities for the enhancement and proficiency of our employees. (PP-26)

City of Cadillac
2016-2017 Annual Operating Budget

Goals, Objectives and Priority Programs

2. Promote *environmentally conscious attitude* by advocating for and practicing prudent environmental decision-making. Identified tasks to help achieve this objective are:
 - a. Clean at least 20,000 feet of sewers a year.
 - b. Achieve total coliform test results of zero for the year.
 - c. Flush all fire hydrants within the City two times per year.
 - d. Continue preventative maintenance program for all fire hydrants in the City.
 - e. Evaluate green alternatives for new well field infrastructure.

Laboratory Division

1. Promote *fiscal responsibility* by advocating for and practicing prudent financial decision-making. Identified tasks to help achieve this objective are:
 - a. Evaluate opportunities for new revenue such as expanding customer base for laboratory services.
 - b. Increase number of tests that laboratory and staff are certified to perform.
 - c. Perform over 32,000 total tests annually.
 - d. Bill over \$80,000 for contract laboratory services to non-City of Cadillac accounts.
 - e. Provide a chemical hygiene course yearly to prevent accidental chemical exposure.
 - f. Maintain an MSDS record for chemical spill response. (PP-26)
 - g. Maintain an SDS record for chemical spill response. (PP-26)
 - h. Research new vendors to receive best prices for the goods used.
2. Promote *environmentally conscious attitude* by advocating for and practicing prudent environmental decision-making. Identified tasks to help achieve this objective are:
 - a. Provide a place where total coliform measurements may be performed.
 - b. Maintain an updated and accurate record of chemicals at the Wastewater plant.
 - c. Give tours and classroom instruction for the schools around Cadillac. (PP-13)
 - d. Perform tests for Waste Water plant for compliance in Industrial Pretreatment Program, NPDES and the plant operation to maintain environmental compliance/protection.
 - e. Perform test for the Water plant to obtain/maintain a record of water quality.

2017 Budget Discussion Items

GENERAL FUND

General Fund Revenue Highlights

- Taxable Value/Impact of Personal Property Tax Reform
- Estimated Reimbursement Calculations
- \$36,000 appropriated from reserves on hand to balance budget – this is less than total proposed capital spending

General Fund Expenditure Highlights

- 1.5% COLA's for all employee groups
- Reduction of one (1) FTE (Cemetery Superintendent); partial impact to General Fund
- Increase in seasonal hires (enabled by elimination of full-time employee)
- Capital Outlay
 - Police Patrol Vehicle (\$32,000)
 - Fire Rescue Truck (\$45,000)
 - Parks Mower (\$9,000)
 - Total: \$86,000
- Transfers to Other Funds
 - Cemetery Operating – down \$10,000 (enabled by elimination of full-time employee)
 - Local Street Fund – down \$125,000 (enabled by elimination of full-time employee and mostly by projected increase in Act 51 Revenue)

WATER AND SEWER FUND

Water and Sewer Fund Revenue Highlights

- Proposed 2.5% rate increase; Justifications:
 - Final Phase of well field relocation – prepare for additional costs and debt service
 - Continued meter replacement – 1-2 more years @ \$95,000 per year
 - Top fifteen users: \$1.5 million revenue per year; \$1.4 million ten years ago
- New late fees implemented 7/1/15 helped mitigate need for new revenue
- Leachate continues to come in above budget, but don't want to build too much reliability; any additional revenue will be reinvested into system
- SAW Grant will reimburse for work performed by City crews

Water and Sewer Expense Highlights

- Increased budget for meter replacements to \$95,000 – need this for 1-2 more years
- Increased salary costs for SAW grant-related work; typically overtime
- No staffing increases other than COLA
- Depreciation and Interest will increase next year based upon new well field project

Water and Sewer Capital Highlights

- Well Field (\$3,000,000 - estimated)
- Other Infrastructure (\$385,000)
- Vehicles (\$45,000)
- Building Improvements (\$40,000)
- Equipment (\$185,500)
- Total \$3,655,500

MAJOR AND LOCAL STREET FUNDS HIGHLIGHTS

Revenue Highlights

- Act 51 Revenues – significant increase based on legislative reform – increase in fuel taxes and vehicle registrations. These revenues flow through MDOT and MVHF formulas
 - Major Street Fund: estimated \$100,000 increase from current year projections
 - Local Street Fund: estimated \$45,000 increase from current year projections
- Transfer from Major Street Fund to Local Street Fund increased to \$150,000 (can legally transfer 25% of Major Street revenue to Local Street – so could transfer up to \$171,250)
- Because of revenue increases – reliance on General Fund down from \$325,000 to \$200,000 in the General Fund
- Combined excess of revenues over expenditures of \$163,300 – this is additional revenue available to support bond debt service of \$2 million which will be explored in the very near future

Expenditure Highlights

- Fairly status quo with street maintenance operations
- Slight cost reductions from elimination of Cemetery Superintendent based upon having to take one street crew member and assign them for a portion of their time to Cemetery maintenance
- Street construction costs will be accounted for in a separate capital projects fund

OTHER BUDGET HIGHLIGHTS

- Naval Reserve Center financing
- SAW Grant activities
- Cemetery Operating Fund cost reductions
- Capital Projects Fund
 - \$2 million bond issuance for street construction – have revenues available as mentioned previously; delayed bond issuance due to the interplay with the downtown projects
 - Up to \$1.5 million in construction; will need to maintain authorized relationship with contract engineers (Prein & Newhof)
- Stores and Garage Fund (DPW Fleet)
 - Capital Spending
 - Bucket Truck (\$75,000)
 - Sweeper (\$200,000)
 - V-Plow (\$8,500)
 - Total \$283,500; will need cash-flow assistance either from other identified funding sources or internal loan
- DDA Capital Projects Fund has budget for The Plaza at Cadillac Commons Project

County: Wexford, Local Unit of Government: Cadillac

Assumes that statutory revenue sharing continued on the same gain or loss pattern as was the case with constitutional revenue sharing.

Figure 4

State Revenue and Municipal Revenue from State Sources (2002 - 2012)

Source: U.S. Census Bureau, 2002 Census of Governments and 2012 Census of Governments: Finance - Surveys of State and Local Government Finances.

Figure 4 shows the percent by which general revenue for each state increased from 2002 to 2012 (Figure 3) and the percent by which municipal revenue from state sources for all municipalities in each state increased from 2002 to 2012 (Figure 2).
