Anne,
I made the changes. I had put that information in because it was worst case scenario.
Thanks Doug

Subject: December 2021 PFAS POTW Effluent Monitoring Report

Hi Doug,

I just reviewed the PFAS POTW Effluent Monitoring report you submitted yesterday. It looks like for the October 13, 2021 sample results, you entered the results in the table for the Outfall Duplicate sample. When you get a chance, can you revise the submission to edit the table to put the results for the Outfall sample?

Let me know if you have any questions.

Thanks,
Anne Tavalire, Regional Pretreatment Program Specialist
