Great. Thanks Doug.
Get the rest to me as soon as you can.
Have a good week.

Cindy,
Great to hear on my numbers. I sent the form back to Midwest to be signed. I haven't heard back from them yet and I'm still waiting on DT figures from them.

Hi Doug – I got a chance to discuss how you guys determine the total Dry Tons for your facility. He told me that is perfectly alright and that is actually more accurate. Which I agree, but now I at least know for sure.

So, the numbers you put down for FY18 are fine.

I would still like it if you could send me the signed certification page from the applier and if you can find out from them how many Dry Tons were applied to each field and on what days?

Thanks.

Cindy
