

Class B Site Restrictions

R 323.2414(3) f

All of the following provisions apply to site restrictions:

- (i) A landowner shall not harvest food crops that have harvested parts which touch the biosolids/soil mixture and which are totally above the land surface for 14 months after biosolids are applied.
- (ii) A landowner shall not harvest food crops that have harvested parts below the surface of the land for 20 months after biosolids are applied if the biosolids remain on the land surface for 4 months or longer before incorporation into the soil.
- (iii) A landowner shall not harvest food crops that have harvested parts below the surface of the land for 38 months after biosolids are applied if the biosolids remain on the land surface for less than 4 months before incorporation into the soil.
- (iv) A landowner shall not harvest food crops, feed crops, and fiber crops for 30 days after biosolids are applied.
- (v) A landowner shall not graze animals on the land for 30 days after biosolids are applied.
- (vi) A landowner shall not harvest turf grown on land where biosolids are applied for 1 year after biosolids are applied if the harvested turf is placed on either land that has a high potential for public exposure or a lawn, unless otherwise specified by the permitting authority.
- (vii) A landowner shall restrict public access to land that has a high potential for public exposure of 1 year after biosolids are applied.
- (viii) A landowner shall restrict public access to land with a low potential for public exposure for 30 days after biosolids are applied.

Certification

"I certify, under penalty of law, that the information that will be used to determine compliance with the site restrictions in R 323.2414(3)(f) has been prepared under my direction and supervision in accordance with the system designed to ensure that qualified personnel properly gather and evaluate the information. I am aware that there are significant penalties for false certification including the possibility of fine and imprisonment.
