

Local Development Finance Authority (LDFA) Board Minutes

An informational meeting and a scheduled LDFA board meetings were held on Tuesday December 8, 2020 as a zoom meeting.

Call to Order: Meeting was called to order by Marcus Peccia at 11:03 am.

I. Roll Call

Present: Emily Kearney, Jim Petersen, Mike Bengelink, Mike Hamner, Marcus Peccia
All calling in from Wexford County.
Staff present - Jeff Dietlin

II. Approval of minutes from November 10, 2020

Unanimous approval of the minutes

III. Public Comments

No comments

IV. Information

Marcus gave an overview of what LDFA is. Jeff sent the annual report to EPA. The proposal for Tetra Tech to do the annual report. Tetra Tech has done this for us since 1996. The bid is \$12,850.00 Marcus recommends Tetra Tech due to past practices.

Motion- wave competitive bidding by Mike Hamner

Vote- Unanimous

Motion to award Not to exceed \$12850.00 by Jim Petersen

Vote- Unanimous

V. Annual Meeting

Jeff gave a slide show overview of what has been removed and projection of rate removal. The projection the shallow well closes in 2026. Mike Hamner wanted to know what the limit is to close this well. What does the ROD say the limit is? Jeff will send it to everyone. The renewal of the NPDES permit is taking longer every year. Do we need to renew the Special Assessment? Marcus talked about having a special meeting to discuss this further. The Shallow wells are projected to shut down Jan 2026 with a cost savings of 15-20% annually. The Intermediate well projected to shut down Jan 2044.

VI. Comments

Mike Hamner asked will there be an impact shutting off the City Wells in that area. Marcus asked Do the wells pull out of the same Aquafer. Jeff replied it should not have an effect they flow northwest.

VII. **Northernaire Closeout**

Jeff spoke to EGLE and Shelia from EPA about PFAS in the well. EGLE says if PFAS is found the LDFA would have no accountability, but EPA says if found LDFA would have accountability. There could be a change in the NPDES permit to include PFAS. Marcus wants to check with the City Attorney why do we have to test for it. The EPA will not allow the closure without the PFAS test. Mike Hamner agrees with Marcus to fight being held accountable when it is not on our list of current tests. Marcus suggests a consultation with the Attorney on what exactly we are looking at for official direction with all legal information. Then we can make a informed decision. Mike Hamner agrees.

Board recommends checking with City Attorney.

VIII. **Public Comment-**

N/A

IX. **Adjournment**

Marcus Peccia adjourned the meeting at 12:08 pm.
