| Y, N, NA, or NC (No Change)                         | Application Question | The department must provide notification of deficiencies in new or increased use applications within 30 days of receipt and in reissuance applications within 90 days. An application is administratively complete when the appropriate and necessary information has been provided, including any required submittals. Required application submittals may include WET tests and toxicity scans. Applications with submittals that do not satisfy QA/QC requirements are considered administratively complete, even though they are not technically complete. <b>You may delete unnecessary sections.</b> |
