

Facility Name: Wexford County Landfill

Rule 2117 requires that a draft groundwater discharge permit shall be circulated within the geographical area of the proposed or existing discharge. The rule specifies three ways in which a draft permit can be public noticed. On **July 12, 2016**, you were sent a draft permit and public notice; please indicate below the manner in which you public noticed your draft groundwater discharge permit:

- ☐ Posting of the notice in the post office or other public buildings of the municipality nearest the premises of the applicant in which the discharge is or will be located.
- ☒ Posting of the notice at the entrance to the applicant's premises or nearby.
- ☐ Publishing the notice in 1 or more newspapers of general circulation in the area of the applicant, or if appropriate, in an applicable periodical.

Please identify the locations where the attached draft groundwater discharge permit was public noticed, and the dates when the public notice began and ended:

Location: Landfill Entrance

Location: _____

Location: _____

Date: July 15, 2016

Signature: 

Title: Facility Engineer

Date: July 15, 2016
