Subject: National Pollutant Discharge Elimination System NPDES Individual Permit No. MI0020257 -
Designated Name: Cadillac WWTP

Dear Jeffrey Dietlin:

Attached are a fact sheet, basis for decision memo and draft National Pollutant Discharge Elimination System (NPDES) permit prepared under the provisions of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA), for the discharge of wastewater from the Cadillac Wastewater Treatment Plant located in Cadillac, Michigan, as described in your complete application received September 21, 2022.

The public notice for the proposed permitting action is also attached. The Part 21 Rules, Wastewater Discharge Permits, promulgated under Part 31, Water Resources Protection, of the NREPA require that a public notice be posted at or near the entrance to the site, posted at the post office or other public building in the local municipality, or published in a local newspaper. For at least 30 days, please post the attached public notice near the entrance to your facility and at a public building beginning no later than **October 9, 2023**. Please keep the notice posted through **November 8, 2023**. If the public notice is not posted by October 9, 2023, please contact me.

Beginning on October 9, 2023, and ending on November 8, 2023, the draft permit, public notice, basis for decision memo, fact sheet, and application will be available on the Internet at <https://mienviro.michigan.gov/ncore/>.

On the day you post the public notice, please send me an e-mail containing the following information:

- name of the facility,
- permit number,
- dates the public notice will be posted,
- location of the public notice posting, and
- name and title of the person sending the e-mail.

The e-mail shall be sent to me at BraumT2@michigan.gov. Please contact me if you have any questions concerning this process.

Sincerely,

Tom Braum
