Hi Tom,

No. They have provided pieces and they have a program, I haven't been able to check all the boxes in terms of all the information they need to submit. Can we please maintain the asset management verbiage in the existing permit and move the dates into the next permit cycle?

Good afternoon Donal,

I'm working on drafting the permit reissuance for Cadillac WWTP. I was wondering if they have an approved asset management program, and if so, what the approval date for that was?

Thanks!
