

MICHIGAN DEPARTMENT OF ENVIRONMENTAL QUALITY  
WATER RESOURCES DIVISION  
INDUSTRIAL PRETREATMENT PROGRAM (IPP) PROFILE

IPP Profile Completed by: Hamid Rahbarnoohi

Date: 5/14/15

IPP Profile Reviewed by: Julie

Date: 5/14/15

**INSTRUCTIONS:** This profile is intended to serve as a summary of program information. This background information should be obtained from the approved pretreatment program and the NPDES permit. The profile should be updated, as appropriate, in response to approved modifications and revised NPDES permit requirements.

**A. CONTROL AUTHORITY (CA)**

1. CA Name: City of Cadillac

2. NPDES Permit Number: MI0020257

3. Expiration Date: 10/01/2017

4. Mailing Address: 200 North Lake St. Cadillac, MI 49601

5. IPP Contact Person: Hamid Rahbarnoohi

6. Title of IPP Contact Person: Water Resources Supervisor

**B. TREATMENT PLANT INFORMATION**

7. Treatment Plant Name: City of Cadillac WWTP

8. Physical Address: 1121 Plett Rd. Cadillac, MI 49601

9. Wastewater Treatment Plant Flow: a. Design 3.2/MGD b. Actual 2.5/MGD

10. Sewer System: a. Separate 100% b. Combined \_\_\_\_\_%

11. Number of Combined Sewer Overflow Locations: 0

12. Level of Treatment

Type of Process(es)

a. Primary

☐

b. Secondary

☐

c. Tertiary

☒

Activated sludge, RBC's and final filtration

13. Receiving Water Name(s): Clam River

14. Sludge Disposal Method(s) (check all that apply)

☒ Land Application

Quantity of Sludge

360

dry tons/year

☐ Incineration

dry tons/year

☐ Municipal Landfill

☐ Other \_\_\_\_\_

dry tons/year

☐ Other \_\_\_\_\_

dry tons/year

**C. FUNDING**

15. Number of staff responsible for IPP development, implementation, and enforcement: 2

16. Total number of hours dedicated to the implementation and enforcement of the IPP annually: 780

17. Identify the sources of funding for the pretreatment program:

a. POTW general operating fund ☒d. Monitoring Charges ☒b. Industrial user permit fees ☐e. Other ☐c. Industry surcharges ☐f. Other ☐*Annual***D. INDUSTRIAL USERS**

18. Number of Industrial Users: 19

*Hamid will get the major contributors*19. Industrial Contribution 119.4 /MGD *email to Julie*20. Number of Significant Industrial Users: ~~18~~ 19

21. Number of Categorical Industrial Users: 6

**E. DATA MANAGEMENT**

22. Are Files/Records:

☐ Hard copy☐ Computerized☒ Both☒ Retained >3 yrs

23. Location of IPP Files/Records: LDFA Ground Water Treatment Plant AND Main Office WWTP

**F. LEGAL AUTHORITY**

24. Indicate where the authority to implement and enforce the approved IPP is contained (e.g., sewer use ordinance [SUO], rules and regulations, etc.): Sewer Use Ordinance- Article XI, of Chapter 23 of the City Code, No. 85-05 Revised Section 42, Article IV

25. Cite the Legal Authority: City of Cadillac

26. Date Legal Authority became effective: 4/1/1985

27. Date of Latest Revision: 6/18/2010 *email revision to Julie*

28. Does the CA's Legal Authority enable it to do the following? [40 CFR, Part 403.8(f)(1)(i-vii)]

|                                                                                       | Yes                                 | No                       | Cite Legal Authority           |

## G. PROCEDURES

30. Does the CA have written procedures for the following activities? [40 CFR, Part 403.8(f)(2)(i-vii)]

|                                                                                                                                                                                                                                                                                                                                     | Yes                                 | No                       | Date Approved |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|--------------------------|---------------|
| a. Identify and locate all possible industrial users that might be subject to the IPP. [403.8(f)(2)(i)]                                                                                                                                                                                                                             | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| b. Identify the character and volume of pollutants contributed to the POTW from industrial users. [403.8(f)(2)(ii)]                                                                                                                                                                                                                 | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| c. Notify industrial users of applicable pretreatment standards and requirements, and applicable Resource Conservation and Recovery Act (RCRA) requirements. [403.8(f)(2)(iii)]                                                                                                                                                     | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| d. Receive and analyze self-monitoring reports and other notices submitted by industrial users. [403.8(f)(2)(iv)]                                                                                                                                                                                                                   | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| e. Randomly sample and analyze the effluent from industrial users to identify compliance or noncompliance with pretreatment standards and requirements. [403.8(f)(2)(v)]                                                                                                                                                            | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| f. Conduct inspections at industrial users to determine compliance or noncompliance with applicable pretreatment standards and requirements. [403.8(f)(2)(v)]                                                                                                                                                                       | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| g. Evaluate, at least every two years, whether each significant industrial user needs a plan to control slug discharges. [403.8(f)(2)(v)]                                                                                                                                                                                           | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| h. Investigate instances of noncompliance with pretreatment standards and requirements as indicated in reports, notices, analyses, inspections, or surveillance activities. [403.8(f)(2)(vi)]                                                                                                                                       | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
| i. Comply with the public participation requirements of 40 CFR, Part 25; this shall include a provision for at least annual public notification (in the largest newspaper published in the municipality) of industrial users that, at any time during the previous 12 months, were in significant noncompliance. [403.8(f)(2)(vii)] | <input checked="" type="checkbox"/> | <input type="checkbox"/> | 4/1/1985      |
