Dear Mr. Suchocki:

SUBJECT: Storm Water General Permit  
Certificate of Coverage No. MIS111718  
Designated Name: Wexford Co LF

The Water Resources Division of the Department of Environmental Quality received on April 25, 2012, your Notice of Intent to be covered under the Storm Water General Permit (Permit No. MIS110000).

Please find enclosed Certificate of Coverage (COC) No. MIS111718 granting this request. If needed, a copy of the Storm Water General Permit can be obtained via the Internet at: (<http://www.michigan.gov/deqnpdes> click on "General NPDES Permits" which is under the Permits banner), or call 517-241-1346 to request a paper copy be sent to you. This COC takes effect immediately. The granting of this coverage under this storm water general permit establishes several compliance requirements which are detailed in the COC.

The issuance of this COC does not authorize the violation of any federal, state, or local laws or regulations, nor does it obviate the necessity of obtaining such permits, including any other Department of Environmental Quality permits, or approvals from other units of government as may be required by law.

Based on the issuance of this COC, your storm water discharge control facility is officially classified as an A.1.i, Storm Water Management Industrial Site. By letter dated April 25, 2012, Wexford County Landfill LLC submitted certification that their Storm Water Pollution Prevention Plan has been developed. Please contact Christopher McGarry at 231-876-4476 if you have any questions.

Sincerely,

Kelly Ploehn
