Re: Violation Notice – VN No. VN-011108

Dear Ms. Lowe,

This is in response to your letter dated October 22, 2020 which you informed us of deficiencies in the Industrial Pretreatment Program that is administered by the Cadillac Wastewater Treatment Plant staff. We will describe what was done to mitigate the situation.

The following are the corrections that are/will be taken for each of the deficiencies noted:

1. The City has recodified the City Code. Chapter 23 has been renamed Chapter 42 in the recodified code. The Permits will reference the correct chapter in all future permits.
2. Permit is modified to include this noted deficiency
3. Permit is modified to include this noted deficiency
4. Permit is modified to include this noted deficiency
5. Permit is modified to include this noted deficiency
6. Permit is modified to include this noted deficiency
7. The Control Authority will respond to future failures to submit required reports in the approved Enforcement Response Plan. It will respond as specified in the VN-011108.
8. The is modified to use methods approved under part 136 when analyzing samples.
9. Permit is modified to include this noted deficiency
10. The Control Authority will develop and implement procedures to review reports submitted by the industrial users for the required elements.
11. A definition section was added to explain the terms stated in the permit.

At this time, I would like to thank you for your time addressing the deficiencies that took place. Not that we are updating our permits I believe we will not have these issues again. I would like to thank you for your time and if you have any questions do not hesitate to contact me.

Respectfully,

Jeffrey M. Dietlin
Director of Utilities
City of Cadillac
